IS NOW A FIREMAN

PRESIDENT ROOSEVELT IN THE
BROTHERHOOD.

MADE AN HONORARY MEMBER

ATTENDS CONVENTION HELD IN
CHATTANOOGA.

LAUDS THE ORGANIZATION

DECLARES HIMSELF IN FAVOR
OF LABOR UNIONS.

Chattanooga, Tenn., Sept. 8.—President Roosevelt was today elected an honorary member of the Brotherhood of Locomotive Firemen. He attended the executive session, walking from the hotel to the auditorium a distance of a few blocks, and escorted by Grand Master Sargent, a company of the brotherhood and a detachment of Troop B state guard.

The brotherhood first held its executive session which the president attended. Acting Grand Master Hannahan welcomed the president, stating that his attendance at the convention would do great good to organized labor, not only in this country but in Canada and other countries as well.

PRESIDENT RESPONDS.

The president returned his thanks for the reception and said he was glad to be with the brotherhood. He said the firemen's brotherhood was the result which naturally comes from the application of the principles of common sense to their work. He said that organized labor never had made an unfavorable request of him and if it had he would have denied it. In speaking of the appointment of Grand Master Sargent of the brotherhood to be commissioner general of immigration the president said it was one of the most satisfactory to the public and to himself he had ever made; that Mr. Sargent was a hard body and not a soft head.

MADE A MEMBER.

John F. McNamee, of Columbus, Ohio, one of the grand officers, and a member of the legislature, moved the degree of grand honorary membership be conferred upon President Roosevelt. The motion was referred to the committee on legislation and by-laws whose return was unanimous that the president be elected.

The report of the committee was adopted by a rising vote amid cheers. The president thanked the convention for the compliment paid him and Grand Master Sargent gave him a pass which admits him to all meetings of the brotherhood.

At this point the brotherhood adjourned until 9 o'clock tomorrow morning and the public were admitted to hear the president's address. The band rendered "America," the president and the others in the hall rising.

WELCOMED BY MAYOR.

Mayor Chambliss delivered a short address of greeting in which he welcomed to Chattanooga "all the firemen, whether they came from Canada, Mexico or Oyster Bay." After an address of welcome in the state by Governor MacMillan, and an address by Grand Master Sargent, interspersed with music, President Roosevelt was introduced by Acting Grand Master Hannahan. His reception was most enthusiastic, the convention coming to its feet and cheering. When the president addressed the convention as "My Brothers," he was cheered again. He said he was glad to be here and joined with the others in extending a cordial welcome to the visitors from Canada and Mexico. He needed no pressing, he said, to come to the meeting.

"I always have, gentlemen," admitted greatly the railroad men of the country and I do not see how anyone who believes in the fundamental principles of citizenship can fail to do so."

COMPARED TO SOLDIERS.

He compared the railroad men to soldiers who are accustomed to taking risks, acting on their own initiative and obeying orders. In raising his own regiment, he said, he got a number of railroad men. Of course, the first requisite was that a man should know how to ride and how to shoot. Giving them these two qualities he found there was no better group from which soldiers could be drawn than railroad men.

The president said he hoped and believed that the danger of war would be less in the future than it has in the past. At the opening of the Twentieth century we had vastly changed from a century ago. We as a people find awaiting us problems which need our best thoughts. The president referred to the good work accomplished by the brotherhood of locomotive firemen.

"I believe, emphatically," he said,

"in organized labor. The strength of its organization depends on its wealth, and the self-restraint which I am glad to be able to say your brotherhood has shown."

NECESSITY OF WORK.

The president spoke of the necessity of work. "I pity the creature who does not work," he said, "at whichever end of the social scale he may regard himself as being." He said the law of work well done secures the successful life.

Discussing the benefits which have grown out of the organization of the brotherhood of firemen, the president said the brotherhood does much for all firemen, but he firmly believed that the individual fireman since the growth of the brotherhood, had been more, not less, efficient than he was twenty years ago.

"A great deal can be accomplished," he said, "by working each for all and all for each, but we must not forget that the first requisite in accomplishing that is that each man should go on with this work for others by working for himself."

"I feel that organizations like yours have a tonic effect upon the whole body politic. It is a good thing that there should be a large body of our fellow citizens who exercise the old qualities of courage, daring and resolute unflinching, willingness to meet danger at need, and that there should be a profession whose members must year and year out display these qualities. I hope to see all of our people develop the softer, gentler virtues to an ever-increasing degree, but I hope never to see them lose the sterner virtues that make men."

GOOD CITIZENSHIP.

The problem of good citizenship is a problem of producing good men and women. All the organizations in the world won't make a coward or a sneak or a good engineer or a good fireman, and the constitution will work bad if in the average citizen is not something that stands as far above intellect as intelligence above mere brute strength—character that is composed of honesty, of courage and of hard common sense."

The president told of his trip over the battlefield of Chickamauga yesterday and drew a lesson of the heroism shown by the armies of the north and south. The men who composed these armies, he said, possessed the requirement of which, good citizenship is made. He referred to the inscription on the monument raised by Kentucky to the union and Confederate soldiers from that state who fell on that battlefield.

He read the inscription as follows: "As we are united in life and they united in death, let one monument perpetuate their deeds and one people, forgetful of all asperities, forever hold in grateful remembrance all the glories of that terrible conflict which made all men free and retained every star in the nation's flag."

"That is a good sentiment, that is a sentiment by which we can all stand."

"And, oh, my friends, that sentiment has as its underlying spirit a spirit of brotherhood. I firmly believe in my countrymen, and therefore I believe that the chief thing necessary in order that they should work together is that they should know one another; that the men north should know the southern; that the men of one occupation should know the men of another occupation, so we may all realize that the things that divide us are superficial, are unimportant, and that we are and ever must be knit together into one indissoluble mass by common American manhood."

As the president concluded he was roundly cheered.

PRESIDENT LEADS PARADE.

After the auditorium meeting, the president took a carriage and led a magnificent parade through the principal streets of the city. Composing the parade were citizens in carriages, representatives of the Brotherhood of Locomotive Firemen, the entire seventh cavalry regiment, mounted, details of mounted police and the local contingent of the state guard. The procession stopped at the county court house, where from an improvised platform in the yard the president delivered a short address to ten thousand people. The exercises here were cut short by rain and the presidential party hastened to the central depot, taking the train at 1:30 o'clock over the South railway for Knoxville, Tenn.

GENERAL FIRMAN WRECKED

GERMANS COMPLETED WORK

OFFICIAL VERSION OF THE
CRETE-A-PIERROT AFFAIR.

NO COMPLICATIONS LIKELY

UNITED STATES IN NO WAY
INTERESTED.

Berlin, Sept. 8.—The marine ministry has given out the following official report of the sinking of the Firminist gunboat, Crete-A-Pierrot: "Captain Beckermann, of the Panther, had received orders to capture the piratical gunboat Crete-A-Pierrot. The Panther went, therefore from Port-Au-Prince to Gonaves, where it completely surprised the Crete-A-Pierrot. The German commandant sent the following ultimatum:

"Strike your colors within fifteen minutes and disembark from your ship without undertaking any defensive measures whatever, otherwise an immediate attack will follow."

"The Panther had already cleared for action. The Crete-A-Pierrot heeled down her flag within the allotted time and the crew disembarked. The Panther then intended to take the Crete-A-Pierrot in tow, but an explosion of her after powder magazine soon occurred, which was evidently effected by the Crete-A-Pierrot's crew. The explosion destroyed her stern and set the vessel on fire, rendering taking her in tow impossible, especially as further explosions followed. As this was regarded as a hostile act and as the guns afore were still in condition, the Panther's captain caused the forward magazine to be exploded through a cannonade. After this was exploded the Crete-A-Pierrot broke up and sank. The admiral was on board with the rebels."

"Gonaves is in the hands of the rebels."

AN ACT OF PIRACY.

The German gunboat Panther arrived at Port-Au-Prince Sept. 5. It was announced from Cape Haitien, Sept. 3, that the German steamer Markomannia, Captain Nansen, belonging to the Hamburg-American Packet company, having on board arms and ammunition sent by the provisional government to Cape Haitien, had been stopped, Sept. 2, by the Firminist gunboat Crete-A-Pierrot at the entrance to the harbor of Cape Haitien, and that an armed force sent on board the steamer from the gunboat took possession of the war munitions, in spite of the protestations of Captain Nansen and the German consul.

The seizure of the Markomannia has been characterized as an act of piracy. But a dispatch from Berlin to the Associated Press, dated Sept. 6, said German government circles did not take a tragic view of the seizure of the German vessel, but that satisfaction would be demanded. The foreign office agrees with the view held by the foreign representatives at Port-au-Prince, said the dispatch, that the action of the Crete-A-Pierrot was piracy, but it was not known whether satisfaction would be demanded from General Firmin or whether the result of the revolution in Haiti would be awaited.

The Crete-A-Pierrot was a steel, screw vessel of 950 tons displacement. She was armed with one 6.2 inch gun, one 4.7-inch, four 3.9-inch, two Maxim machine guns and four Nordenfeld machine guns. The Crete-A-Pierrot was formerly in the service of the Haitian government and Admiral Killick was commander of the Haitian fleet. June 1 of this year Admiral Killick disembarked troops from the Crete-A-Pierrot to support General Firmin, ex-Haitian minister at Paris, and one of the candidates for the presidency of the republic, and after refusing to recognize the constituted authorities he threatened to bombard Cape Haitien. The consular corps protested against such action being taken, but their efforts failed of success, for a few days later the admiral did bombard Cape Haitien, although little damage was done by the Crete-A-Pierrot's fire. Since June 27 the Crete-A-Pierrot has been operating in the interests of General Firmin. The Haitian government disavowed the action of Admiral Killick in bombarding Cape Haitien and ordered his arrest.

MINISTER POWELL REPORTS.

Washington, Sept. 8.—As was expected, Mr. Powell, the United States

minister to Hayti, reported promptly to the state department the sinking of the Haytian gunboat "Crete-A-Pierrot," by the German gunboat Panther. The minister's dispatches are dated yesterday at Port-au-Prince. In the first dispatch the minister said it was reported that the Panther had called upon Killick to surrender and he had refused and the Panther had sunk the Crete and all the crew had been lost. The second and later dispatches corrected the statement as to the crew, saying that they had escaped. The minister promised to make an extended report by mail. The navy department also was informed of the event in the following dispatch received from Commander McLean in command of the United States cruiser Cincinnati:

"Port-au-Prince, Sept. 8.—Secretary of Navy, Washington: German gunboat Panther sunk Crete-A-Pierrot at Gonaves; crew escaped. The Panther returned to Port-au-Prince. (Signed.) 'McLean.'"

NOTHING TO BE DONE.

As matters stand, there is nothing to be done by the state department at this juncture. The officials have not changed their view that the incident was one between the German and Haytian governments, and that it was not our business. The Berlin dispatches to the effect that the Haytian government had expressed its satisfaction with the situation being brought to the attention of the department here went to confirm the officials in their position. No American interests have been affected unfavorably in their judgment, and as the United States has not recognized the revolutionists in Hayti there is no one to make complaint to this government, and on the whole it is felt that the termination of Killick's career in summary fashion may have a salutary effect, not only in Hayti, but also in South American interests, where heretofore the slightest revolutionary disturbance has been made the pretext for vexatious and expensive interference with foreign merchant vessels. Only recently the British cruiser Phaeton was obliged to force the Colombian government to release the British steamer Ecuador, which it was to impress into service as a troop transport; while still more recently, Commander McGree adopted a similarly vigorous course with respect to this same Admiral Killick, and it is not doubted that he would have seized the Crete-A-Pierrot for violation of his warning to the foreign shipping. Altogether these active naval measures are expected to have a beneficial result throughout that section of the world so far as foreign commerce is concerned.

LONDON COMMENT.
London, Sept. 8.—A few of the afternoon newspapers in commenting on the subject, seem to anticipate that the sinking of the Firminist gunboat, Crete-A-Pierrot by the German gunboat Panther at the entrance of Gonaves harbor may prove controversial. "So summary a revenge for a breach of international courtesy," says the St. James Gazette, "is like breaking the frailest butterfly on the largest wheel. Supposing the butterfly's big neighbor takes a hand in the game, matters may become almost serious."

The Westminster Gazette, speculating on the matter, holds that "nothing in Monroeism prevents a big continental power from boxing the ears of a troublesome boy on the other hemisphere, so long as the big boy does not proceed to eat or otherwise annex the small one."

POSTOFFICE IS ROBBED.

Youngstown, Ohio, Sept. 8.—The safe of the Hubbard, Ohio, postoffice, five miles north of here, was drilled open by burglars last night. They secured \$400 worth of stamps, \$200 from the money order department, a certificate of deposit on the Newton Falls, Ohio, bank for \$300, and \$150 belonging to the postmaster, W. M. Evans. The cracksmen entered the postoffice through a window. The burglary was not discovered until this morning.

STRIKERS RETURN TO WORK.

Cleveland, Ohio, Sept. 8.—Today for the first time in weeks peace and good feeling was uppermost along the river docks in this city. Acting on the advice of Grand President McClellan, the union tugmen returned to their work. A number of tugs of the Great Lakes Towing company were fully manned by union crews. The non-union men, who are displaced by the strikers, quietly left the docks and will seek other employment.

WARM FIGHT PROMISED.

Denver, Sept. 8.—There promises to be a warm fight in the state democratic convention, which meets tomorrow, over the nomination for governor. The leading candidates are Gov. James B. Orman, Judge E. C. Stinson, of Cripple Creek, and Judge Theron Stevens, of Ouray.

VICTIMS WERE OUT HUNTING

MEN WERE ITALIANS WHOSE
FELLOWS VOW VENGEANCE.

Wilkesbarre, Pa., Sept. 8.—Two Italian striking miners named Frank Portay and Estino Vancostello left their homes in Swoyersville, near here, this morning to go on a hunting trip. As they approached the Harry E. colliery they were held up by the pickets, who mistook them for armed non-union men going to work. The pickets at once attacked the Italians. Vancostello was shot in the leg and his brains beaten out with stones and clubs. His companion Portay was knocked down, his gun taken from him and then his assailants beat him with clubs so that his life is despaired of. Sheriff Jacobs and a large number of deputies went on the scene. The friends of the dead Italians have sworn vengeance and threaten to kill the men who committed the assault on their countrymen.

FIRING INTO A CROWD.

A crowd of striking miners, mostly foreigners, remained all night around the lock-up at Edwaredville, where Hiram Fisher was confined. The prisoner was held up last night as he was returning from one of the mines, where he is employed as a coal and iron policeman. Thinking his life was in danger, he fired into the crowd and two of the bullets struck Mrs. John Kasmough, a Polish woman, who was seated on the stoop of her house some distance away. After firing the shots Fisher was set upon by the mob and beaten so badly that he was left for dead on the road. Later he was taken to the town lock-up, where a physician was in attendance the greater part of the night. This morning Fisher was a little better. Notwithstanding his condition the mob gathered on the outside of the lock-up and wanted to beat down the place and lynch him. The strong guard that Burgess Damno had provided prevented this.

Under a strong guard the prisoner, Fisher, was removed in an ambulance from the town hall to the hospital in this city. Two thousand people collected, many of them strikers, and for awhile the situation was very critical. As the man was brought out of the lock-up on a stretcher a number of foreigners made a rush for him, but they were driven back by the sheriff's deputies, who protected the ambulance until it got outside of the borough limits.

JOAQUIN BIG WORKING FORCE.

Tamqua, Pa., Sept. 8.—Today the Lehigh Coal and Navigation company claims to have more men at work than it has had on any other day since the strike began. The company, however, will not give out a definite statement as to the number of men who are mining coal. Only two of the collieries are being operated, No. 4 and No. 12.

This morning a company of soldiers and the governor's troop patrolled the valley. They report that there were no disturbances.

United Mine Workers leaders deny that the company had made any gains. They say they can prove that all the men are standing firm. The company, they assert, is making a strong effort to break the strike, but is not meeting with success.

DESERVING ROME CITY.

Nearly all the Fort Wayne people who have cottages at Rome City have closed them and returned home. The cottager's train made its last regular run this morning, bringing in quite a large number of people who have been spending the summer months at the popular resort. Many improvements are contemplated at the lake this fall and next spring, and a number of new cottages will be erected. The Sunday excursions and the Monday morning special will be continued as long as the patronage warrants the service.

WARM FIGHT PROMISED.

Denver, Sept. 8.—There promises to be a warm fight in the state democratic convention, which meets tomorrow, over the nomination for governor. The leading candidates are Gov. James B. Orman, Judge E. C. Stinson, of Cripple Creek, and Judge Theron Stevens, of Ouray.

Orman will probably receive over 400 votes on the first ballot. To be renominated he must have 451 votes and his own friends anticipate that he will lack the requisite number on the first ballot and will not be able to hold his forces together on subsequent ballots. More than 200 delegates are instructed for Stinson and 125 for Stevens. Other candidates are Sam C. Spencer, of Gunnison; Gen. Joe Maupin, of Fremont, and R. H. Malone, of Denver.

FIRE SWEEPS SMALL TOWN.

Gilmore, Iowa, Sept. 8.—The Willis lumber yards, Councilman's grain elevator, Hollins' general store, the postoffice and a barber shop were wiped out by fire here today, entailing a loss of \$75,000.

EXCEEDS FORMER RECORDS.

**UNCLE SAM'S STRONG BOX IS
BURSTING WITH GOLD.**

But One Country in All History Has
Ever Had Such a Store of the
Yellow Metal.

Washington, Sept. 8.—The sum of gold now in the United States treasury exceeds that of any previous time in the history of the country, and with one possible exception, it exceeds that of any country at any time in the history of the world. The single reported exception is that of Russia about eight years ago, when that country was preparing to resume gold payments. At that time Russia is said to have had in its treasury \$598,000,000 in gold.

Last Saturday the vaults of the United States treasury contained \$773,938,194, an increase since July 1, 1901, of \$791,087,987. This stock of gold is now being added to at the rate of \$200,000 to \$300,000 a day, with no immediate prospect of a cessation in the rate of deposits. This condition of things is eminently satisfactory to the treasury officials, who regard it as the best possible evidence of prosperity and of confidence in the financial stability of this country.

The gold now coming in is being replaced by gold certificates, United States notes and silver certificates, the former being supplied where the denominations wanted are \$20 or over, United States notes for tens, silver certificates for fives, twos and ones.

SLAIN IN BATTLE
TWO NOTED DESPERADOES ARE
KILLED IN TENNESSEE.
GIVE POSSE A HOT FIGHT
MORTALLY WOUNDED TWO OF
THE PURSUERS.
BOTH BANDITS HAD RECORDS
EACH HAD KILLED HALF A
DOZEN MEN.
Knoxville, Tenn., Sept. 8.—A special to the Sentinel from Rogersville, Tenn., says:
Jim Wright and John Templeton, noted Hancock county desperadoes, were killed and Wright's son was captured by a posse of twenty-five, headed by Joe Moss, of Gate City, Va.
In the engagement Wright shot and probably fatally wounded George Wolf, of Spears Ferry, Va., and Jack Rogers, of Rogersville, both of whom were members of the pursuing posse.
Two fights occurred and in the first which began at 10 o'clock last night, Templeton was instantly killed and Wright's son was captured. Jim Wright, however, retreated to a nearby house, where he engaged the officers until daylight, when he was routed out and killed as he could not be taken alive. Wright was an escaped convict from the Tennessee penitentiary, where he was serving a sentence for murder. Wright and Templeton are said to have killed as many as six men each.
The scene of action was about 12 miles east of Rogersville. Moss had been hunting for Wright and Templeton for many weeks.
DEATHS AND FUNERALS.
DOWIE.
Mrs. Catherine Dowie, 82 years of age, and widow of the late John Dowie, died Saturday afternoon at her home in Aboit township, twelve miles southwest of Fort Wayne, after an extended illness.
Mrs. Dowie was born in Chester, England, July 20, 1820, and ten years later came with her parents to America. Her marriage to Mr. Dowie occurred in 1846, and the husband died in 1888. Mr. and Mrs. Dowie came to Fort Wayne in 1880, where they resided until 1879, then removing to the Aboit township farm.
Since the age of 15 years Mrs. Dowie has been a faithful and devoted member of the Baptist church. She was widely known, and highly respected and leaves a very wide circle of friends. Four children survive—William Dowie, 1935 Fairfield avenue; John M., Thomas F. and Albert E. Dowie, all of Aboit township. Three children are dead.
Funeral services will be held from the residence Tuesday morning at 9 o'clock, conducted by Rev. J. N. Field. The interment will occur at Lindenwood cemetery at 1 o'clock, and friends who desire to view the remains may do so during the short services at the chapel.
TILBURY.
Helen Elizabeth Tilbury, infant daughter of Mr. and Mrs. Roy M. Tilbury, of Brooklyn avenue, died at 4:40 o'clock Saturday afternoon from cholera infantum.
The funeral services will be held from the residence Tuesday afternoon at 2 o'clock.
GALLAND.
Eugene, infant son of Mr. and Mrs. Leo Galland, of 1412 Francis street, died at 9 o'clock this morning from marasmus, at the age of four months.
YEOMEN TO A PICNIC.
Saturday afternoon about one hundred and twenty-five Fort Wayne members of the Brotherhood of American Yeomen were entertained by Mr. and Mrs. L. Romey at an old-fashioned picnic at their farm, southwest of the city. Mr. and Mrs. Romey, with neighbors, met the excursionists at the interurban station with tallyhoses and carriages and conveyed them to the fine farm. Here games were enjoyed in the large, shady orchard, while others loaded the tables with edibles until Mr. Parkinson and Mr. Wickliffe saw the danger and began placing more supports beneath the boards. After an abundant supper had been enjoyed Rev. Charles E. White spoke eloquently for three-quarters of an hour, dealing with the advantages of fraternity and the good of the order. Music was furnished by the Yeomen's orchestra and the members are profuse in their praise of Mr. and Mrs. Romey for their entertainment and to the Southwestern company for the admirable manner in which it handled the excursionists.

mann, was shot in the abdomen during a quarrel last night by his son-in-law, James C. Duane, a prominent business man of this city, and Brookline, and died today. The shooting is said to have been the outcome of a series of family quarrels. Lehmann was 50 years of age. Duane is 26. He is under arrest.
SEWER NEARLY FINISHED.
The builders of the souterside sewer are now putting the finishing touches upon it, they say, and it is probable that Charles McCulloch who is backing the construction or reconstruction of the sewer will soon ask the board of public works to take it off his hands. There are yet some inlets to be finished up and some streets which have been torn up to replace, but on the whole the sewer is said to be nearly completed.
COMMITTEES WILL MEET.
There will be meetings tonight of the committees on rules, regulations and ordinances and of the committee on waterworks. The board of safety will also have a meeting.
LOCAL LINES:
Miss Addie Hettler is confined to her home by illness.
Harry Dickey, manager of the Wilnona Mineral Water company, is in the city.

AN OLD WAR.

Pretty Near Time to Stop.

Wouldn't it make your friend mad to tell her she was in reality a drunkard, but many women are drunkards unconsciously from the use of coffee, which wrecks their nervous systems, and they seem unable to reform.

A lady in Philadelphia, Pa., was very badly affected by coffee, causing her to have nervous prostration, and she finally woke up to the fact that she was in reality a coffee drunkard. Her doctor had told her that she must give up coffee, but she seemed unable to do it.

One day she read an advertisement about Postum Food Coffee and thought she would give it a trial. She says: "Coffee had such a strong hold on me, that at first I did not make it all Postum, but added a tablespoonful of coffee. After a while I quit putting coffee in at all, and soon found I felt much better. Continued use stopped my headaches and biliousness, and I soon noticed that my nervousness had evidently left me for good. Now I would not use anything else, and the smell of coffee makes me sick. I am using your Grape-Nuts also, and think it a wonderful food. I lately cured an attack of indigestion by eating nothing but Grape-Nuts and drinking Postum for two weeks and now I can eat solid food and feel no distress." Name given by Postum Co., Little Creek, Mich.

Out Lots.

I now offer the 120 acres on Walton avenue immediately south of the Lutheran college land, price \$24,000 for the entire tract, \$200 per acre, which will retail out at \$400 per acre. Good opportunity to double your money. Terms easy, small payment down, long time on remainder. When we cleared off the very heavy timber on this rich land, many years ago, 900 thrifty young shade trees were left for outlot purposes, all of which are still there and growing. President Roosevelt has been made
an honorary member of the Brother-
hood of Locomotive Firemen. The
late President McKinley was an hon-
orary member of the bricklayers' union.
The distinction is honorable
and should not be beneath the accept-
ance of any man alive.
More and more of late years has
the custom grown for the president
of the United States to journey about
and bring himself in face to face
communion with the masses of the
country's citizenship. Mr. Cleveland
did so to quite a notable extent and
Mr. Harrison more than Mr. Cleve-
land. President McKinley traveled
more while in office than any of his
predecessors and Mr. Roosevelt is
covering ground at a rate that prom-
ises to eclipse all former records. It
is a good thing, considered by itself,
but the fatal exposure of Mr. McKin-
ley to an assassin's weapon and the
recent narrow escape of Mr. Roose-
velt from a horrible death raise the
much agitated question whether the
president should take so many
chances of life as are involved in
these trips. The mere question of
accident alone enters more largely
into real consideration of the matter
than perhaps most people give
thought to. Railway journeys al-
ways involve the element of risk and
it may be assumed that sooner or
later, notwithstanding the almost
faultless precautions taken against
mishap in such cases, a presidential
train will meet with serious, perhaps
tragic accident. However, presiden-
tial junketing is pleasant and in-
tensely popular with the people and
the custom is likely to grow rather
than be abandoned.
NEWS IN POLICE CIRCLES
In the police court this morning
Judge Dreifbliss retired the oppos-
ing side in one-two-three order.
Charles Dechesney, aged seventeen,
with one eye gone and his left arm
badly crippled, was given one hour
to get out of town. He was charged
with vagrancy and pleaded not
guilty. He had questioned Detective
Coling's right to question him, the
officer wearing plain clothes, but
said when he saw the detective's
badge he told him he knew about him-
self. He had only three cents and
said he was looking for work when
pinched. He was making his way
west in order to see the country and
was bound for Chicago.
Albert Junkley and Albert Offen-
haus were arrested for train jump-
ing. In order to separate them the
court, on their plea of guilty, gave
Junkley a fine of \$1 and costs and
Offenhaus one hour to get out of
town.
Frank Riley, a ball player, was
fined \$1 and costs for plain drunk on
a plea of guilty.
Charles Narwald drew the same
prize for the same offense on the
same impeachment.
James Davis, a train jumper, was
fined \$1 and costs.
NOTES OF THE POLICE.
Superintendent Gorsline has been
notified of the escape from the Col-
umbia City jail of three convicts
under sentence at this time of court
for burglary and larceny. Their
names are Chas. Flora, Earl Souders
and Dora Ditton. Their crime was
stealing lead pipe and other plumb-
ing fixtures from an abandoned hotel
in Columbia City. They brought the
junk to Fort Wayne to sell and Flock
and Ditton were arrested here by
deputy sheriffs. Particulars of the
method of escape, which occurred at
7 o'clock, were not given the police.
The three men were sentenced to
indeterminate terms in the peniten-
tiary last week and were to have been
taken away today. It was their last
chance and when the turnkey ap-
peared to lock them up last night
they seized him and locked him up.
They then had little difficulty in find-
ing their way out.
Officer Smith found a wandering
sorrel horse last night on Walton
avenue and put it in Wike's stable,
on Hanna street.
The police were instructed to watch
for Henry Spier, aged fifteen, an in-
mate of the school for feeble minded,
who ran away last evening. He is
heavy set and was not wearing a
coat when he left at 7:30 o'clock.
Mrs. Fred Rumpis reported the loss
yesterday morning at 5 o'clock of a
hand satchel on Calhoun street, be-
tween Creighton avenue and the Wa-
bash tracks.

ASBARTHOLIN
BODY FOUND IN IOWA THAT OF
CHICAGO MURDERER.
HE ADDED SUICIDE TO MURDER
ENDED CAREER BY SENDING
BULLET INTO BRAIN.
IDENTIFICATION IS COMPLETE
LEFT CONFESSION EXONERAT-
ING THREE ACCUSED.
Riceville, Iowa, Sept. 8.—That it
was William Bartholin whose body
was found in a field near this place
last Friday was proved beyond possi-
bility of doubt yesterday when the
remains were exhumed in the pot-
ter's field. Identification was made
easy by the fact that the teeth show-
ed the same dental work that was
described by a Chicago dentist as
having been done for Bartholin and
by William Mitchell's instantaneous
recognition of the dead man's fea-
tures.
Thus, exclaiming by suicide the
double crime of murdering his moth-
er, Mrs. Anna Bartholin, and his
sweetheart, Minnie Mitchell, young
Bartholin, who fled from his home
Aug. 5, has finally solved his own
part in one of the most puzzling
mysteries that have ever confronted
the Chicago police department.
Burdened with remorse, shaken by
the constant fear of capture and driv-
en to distraction by the discovery
that a man for whom he was work-
ing had read a mysterious letter from
a woman which may have disclosed
his identity, Bartholin had gone to
a corner of a lonely field, propped
himself against a shock of grain and,
presumably with the same revolver
that ended Miss Mitchell's life, put
a bullet in his brain.
In the confession which he left be-
hind him the desperate fugitive ad-
mitted his crimes and in addition left
an imputation upon the character of
the girl he had slain. This was an
insinuation that Minnie Mitchell had
more than an innocent knowledge of
the killing of Mrs. Bartholin at 4310
Calumet avenue on the night of July
7. The words bearing this blind in-
telligence are:
"It was all Minnie and I could do."
IDENTIFICATION POSITIVE.
"It is Bartholin without possibility
of mistake," said Mr. Mitchell,
brother of the murdered Chicago
girl, as soon as his gaze rested on the
swollen, discolored face.
"And that's the man I came with
all the way from Chicago and whom
I knew there as George Edwards,"
exclaimed John J. Dvorak, a detec-
tive, who formerly was employed by
a Chicago detective agency.
The letters written by the Mitchell
girl to Bartholin probably never will
be made public. In this respect Cor-
oner Carpenter made a short state-
ment before leaving for Lima
Springs last night. He said:
"The false teeth and the corns
found on the body of the man on
whom I held an inquest as George
Edwards fixes the identity beyond
a doubt as William J. Bartholin."
"At the request of the family of
Minnie Mitchell the letters she had
written are kept from the press and
will remain in my possession for the
present."
AIDED BY CHICAGO WOMAN.
Bartholin came and lived here un-
suspected. He died partly solving
and partly deepening the mystery
of his tragedies, and a mysterious
woman forced the climax. This wo-
man lives in Chicago and she has
friends who are still Bartholin's
friends. Somewhere in Chicago to-
day that woman mourns the death
of her sweetheart, though he died a
murderer and suicide. It is this wo-
man, one who has known Bartholin's
movements since he fled from the
scene of his outrages, that hastened
the self-destruction of the young
criminal. The police have never
known of her existence. She is the
missing link in the chain of evi-
dence that all efforts to complete
have failed.
DROPS MYSTERIOUS LETTER.
A letter she wrote to Bartholin
which was received Aug. 25 at the
Riceville postoffice and which he
dropped accidentally on the floor of a
farmhouse where he had been work-
ing was the immediate motive for
the suicide.
Bartholin came here under the
name of George Edwards Aug. 6, the
day after he talked with William
Underberg, in Greenwood avenue,
Chicago. He worked for six hours
on a railroad bridge with John
Dvorak. That night he slept at the
Hotel Wilkes, registering as George
Edwards. Next morning he walked
to John Higgins' farm near Elma,
eight miles from here, where he
started to work as a farm hand.
Dvorak went with him, but left a
week later. After seventeen days
Bartholin left and went to work for
Charles Hoeft on a farm five miles
from here.
Hoeft returned to the farm from
Riceville Aug. 5 with a letter for
Bartholin. The envelope bore a Chi-

cago postmark. It was addressed
Mr. George Edwards, Riceville, Ia.
The handwriting was a woman's.
SUSPECTS HE IS DISCOVERED.
In the evening when Bartholin re-
turned from the field he received the
letter and perused its contents eag-
erly. Hoeft saw him read it several
times the next day and the next. On
Aug. 28 Hoeft walked into the house
and saw the letter lying on the floor
in the middle of the room, as though
it had been dropped by accident.
Looking out of the window he saw
Bartholin lying on the grass under a
shade tree.
Hoeft picked up the letter. Tak-
ing it out of the envelope, he began
to read:
"My dearest Will, lay low, get
along as best you can until we ar-
range the money matters."
"It is not fixed up yet. Keep a
stiff upper lip and I will soon be able
to help you."
Hoeft had read that far when he
saw Bartholin get up and come to-
ward the house. Hurriedly he re-
placed the letter in the envelope and
dropped it to the floor where he had
found it and left the room. A
moment later Bartholin came into
the house. That afternoon he left
the farm and he took the letter with
him. He never spoke to Hoeft after
that, though the farmer says he
gathered no definite idea of what the
letter was about. He did not look
at the signature.
Bartholin, it is believed, saw Hoeft
reading the letter through the win-
dow. He feared that he had been de-
tected and went out determined to
face eternity rather than the law.
For two days he wandered in the
woods. On Saturday, August 30,
he returned to Riceville and went
again to the Hotel Wilkes. He was
sick. Sunday he walked away and
Friday afternoon his body was found
on James Clark's farm four miles
southwest of here.
FOUND THE BODY.
Bartholin's body was found by Joe
Pratt, who was repairing a windmill
near Lowther. Friday morning,
while driving to the farm where he
was doing the work, he saw a man's
body on the far side of a shock of
flax. He paid no further attention
to the matter at that time, believing
the fellow to be a drunken farm
hand.
On his way back that night, how-
ever, seeing the fellow had not
moved, although it had rained hard
nearly all day, he stopped his horses
and investigated. He found the
body, since identified as that of Bar-
tholin, reclining against the shock.
It was badly decomposed, especially
the face.
Pratt at once notified Coroner Car-
penter at Lima Springs, eighteen
miles away, and Saturday he im-
paneled a jury composed of Jerry and
William Cashman and Mike Howard,
farmers in the vicinity of James
Clark's place, on which the body was
found.
No witnesses were examined, but
with the discovery of the confession
and letters from Minnie Mitchell, a
verdict, naming the suicide William
J. Bartholin, was returned. Bar-
tholin had shot himself in the mouth,
doubtless with the same revolver
which killed his sweetheart, for he
had the weapon when he came here.
The body was brought here by the
coroner and buried in the little cen-
tery which overlooks the town.
LEFT A CONFESSION.
The confession left by the suicide
reads as follows:
"To whom it may concern: I wish
to state that I am the Bartholin the
police are looking for. I also wish
to certify that I had no assistance
of any kind from any one. Thomp-
son Clary and Counselman are all
as innocent as an unborn child, and
should be freed at once.
"I cannot go into details—in re-
gard to the crimes. They were not
planned. It was all Minnie and I
could do. My mind is wandering.
"Such a drop in life in so short a
time—two months ago traveling in
the best of company—today leading
the life of a hobo—a murderer!
"I intended to go in details and tell
all but I can't get my mind centered.
Even my handwriting is disgraceful.
"But above all things I ask, clear
everybody under suspicion. There is
no second party and I am, the last.
"Respectfully yours,
"William J. Bartholin."
MORE WORKMEN ADDED.
Stanley Bros., the contractors who
have begun the work of grading for
the Fort Wayne-Lima electric line
between this city and New Haven,
this morning added more men to the
working force, and will place still
others at work as rapidly as they
can be handled. It is desired to take
advantage of every day of good
weather remaining in order to hurry
the work along.
SHOWS DEMOCRATIC GAINS.
The preliminary poll of Allen county,
now being taken under the direction
of the democratic central committee
is coming forward with some very
gratifying indications, and Assistant
Secretary Ronald Dawson stated this
morning that it was showing sub-
stantial democratic gains in many
districts. While the work is not
yet nearly completed, the advance

reports from districts already care-
fully canvassed indicate that the
democratic vote at the coming elec-
tion will be very materially in-
creased over that of two years ago.
There is enthusiastic activity all
along the line of the county organi-
zation, and visitors at the head-
quarters in the Sengerbund building
are already numerous.
PENETRATED HIS EYE.
Samuel Hays, of Leo, is tempora-
rily blind in one eye as the result of
a painful accident a few days ago.
Mr. Hays was employed upon a
threshing machine, and a small
branch of an apple tree which be-
came caught in the machinery was
hurled with frightful force into his
left eye, penetrating the eyeball
deeply. A traumatic cataract was
the result, but Dr. S. H. Havice, who
is caring for the injured man, be-
lieves the sight can be restored by an
operation later.
BODY WAS A SORAP BASKET.
Elwood, Ind., Sept. 8.—The body
of Mrs. Susan Spalding, of this city,
is the repository of a number of un-
usual articles as revealed by a sur-
gical operation just performed by
local physicians in an Anderson hos-
pital. For many years she has been
complaining of a growth in her side,
which it was believed was a tumor.
When the operation was performed
a ball of thread as large as an egg,
another of corn stalks, swallowed
when she played about a cane mill
when a child, and a piece of shoe
string six inches long with a knot
in it, were removed from her body.
It is believed that all of the articles
have been in her body since she was
a child of a few years. Another
protuberance will be opened as soon
as the woman gains sufficient
strength from the recent operation.
Mrs. Spalding is 37 years of age and
the wife of a blacksmith in this city.
The articles removed from her body
are to be seen at her home and have
been examined by hundreds.
LAGRANGE COUNTY TICKET.
Lagrange, Ind., Sept. 8.—The dem-
ocratic county convention was held
in the circuit court room here Satur-
day. The attendance was good. That
the ticket nominated is an excep-
tionally strong one is conceded by
every one. The following are the
candidates: Auditor, A. L. Gerber;
treasurer, A. M. Grady; sheriff,
George Dutter; surveyor, John
Stough; coroner, Dr. H. W. Shereck;
commissioner of the north district,
Joseph Basous; commissioner of the
south district, R. I. Deter; council-
men, Frank Swihart, John M. Ho-
gan, William T. Roderick, Dr. N. M.
Newman; councilmen-at-large, D. N.
Stough, Washington Norris, Joseph
Kimmell.
VOTE TO REUNITE.
Washington, Ind., Sept. 8.—The
Morgan Presbyterian of the Cumber-
land Presbyterian church has voted
in favor of the union of the Cumber-
land Presbyterian churches and the
churches which split in 1810. Simi-
lar action has been taken at Decatur,
Ill., and it is thought united action
will cause the general assembly to
take the matter up and take favor-
able action at the next meeting in
May, 1903.

THE MARKETS.

Chicago, Sept. 8.—Weakness prevailed again today during the early hours of trading on the board of trade. Weather conditions had much to do with the break. Wheat started a trifle firmer on a little buying by one of the big houses. Dips followed on dry weather for the spring movement, weak cables and heavy world's shipments. Sept. started 1/2c down to 1 1/2c up at 7 1/2c to 7 1/2c and slumped to 20 1/2c. December opened 1/2c to 1/2c to a shade higher at 68c to 67 1/2c and declined to 67 1/2c. Local receipts were 280 cars, one of contract grade. Minneapolis and Duluth reported 817 cars, making a total for the three points of 903 cars, against 1,431 a year ago.

A good export demand helped wheat in a slight rally late in the day after the market had hung idle for some time. Sept., however, declined weak, half cent down at 7 1/2c; December held back to 67 1/2c and closed steady, a shade down at 67 1/2c.

Corn belt had a warm weather yesterday, cables were lower and trade has increased by bearing. Nearly all operators felt that with another week of warm weather a big corn crop will be assured. Sept. weakened nervously on a little selling starting 1/2c to 1 1/2c off at 57 1/2c to 57 1/2c, dipped to 56 and rallying to 56 1/2c. December opened 1/2c to 1/2c down to a shade up at 42 1/2c to 42 1/2c and declined to 42. Receipts were 123 cars, 19 of contract grade.

Sept. corn was weak and closed 1/2c lower at 57 1/2c. December, however, was wanted by the crowd that sold Sept. and there was a late decline to 42 1/2c. The close was firm 1/2c to 1 1/4 up at 42 1/2c.

Fair weather and liberal receipts depressed oats early. Grading was still poor but elevators were making standard grade freely. Sept. opened dull, 1/2c up to unchanged, at 34c to 33 1/2c and fell off in sympathy with other grains to 33 1/2c. December sold from 31 1/2c to 31c. Receipts were 409 cars, 29 of contract grade.

Hogs were received liberally at the stock yards and sold lower. This induced selling of hog prices in the pit and prices started 5c off but rallied on a little support and held very steady. Jan. pork sold from \$14.90 to \$14.95; Jan. lard from \$8.35 to \$8.37 1/2; and January ribs from \$7.85 to \$7.90.

THE CLOSE.
Prices at the close were as follows: Wheat, Sept. 7 1/2c; Oct., 68 1/2c; Dec., 67 1/2c; May, 69 1/2c. Corn—Sept., 57 1/2c; Dec., 42 1/2c; May, 39 1/2c; Oats—Sept., 34c; new, 34c; Dec., 26c; new, 30c to 30 1/2c; May, 31. Pork—Sept., \$16.80; Oct., \$16.95; Jan., \$14.90; May, \$14.00. Lard—Sept., \$10.70; Oct., \$10.00; Jan., \$7.87 1/2; May, \$7.55. Flax—Cash, northwestern, \$1.39; southwestern, \$1.35; Sept., \$1.33; Oct., \$1.31. Rye—Sept., 48c. Barley—Cash, 48c to 49c. Timothy—Sept., \$4.45. Clover—Oct., \$8.75 to \$8.85.

DURAND MAY STAY ON TICKET.

Flint, Mich., Sept. 8.—At a council of the friends of Judge Durand, held yesterday, it was decided to leave his name on the ticket until the meeting of the state committee on Tuesday. His brother will go to Grand Rapids and present his letter of acceptance, and the final decision will be governed by the state of his health at that date and the judgment of the committee. In the light of the patient's disposition and love of retirement the family would prefer to see him released from the responsibility of the campaign, but will yield to his friends and to the democratic party if he continues to mend. Today Judge Durand's temperature, pulse, respiration and appetite were normal. He walked about his room easily, sat several hours at a window and waved his hand at passing friends. He sleeps well and seems likely to recover if no relapse occurs.

THE PROPER TREATMENT FOR A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases, in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by all druggists. 8-14-2mo.

Sept. corn was weak and closed 1/2c lower at 57 1/2c. December, however, was wanted by the crowd that sold Sept. and there was a late decline to 42 1/2c. The close was firm 1/2c to 1 1/4 up at 42 1/2c.

Fair weather and liberal receipts depressed oats early. Grading was still poor but elevators were making standard grade freely. Sept. opened dull, 1/2c up to unchanged, at 34c to 33 1/2c and fell off in sympathy with other grains to 33 1/2c. December sold from 31 1/2c to 31c. Receipts were 409 cars, 29 of contract grade.

Hogs were received liberally at the stock yards and sold lower. This induced selling of hog prices in the pit and prices started 5c off but rallied on a little support and held very steady. THE MARKETS.

Chicago, Sept. 8.—Weakness prevailed again today during the early hours of trading on the board of trade. Weather conditions had much to do with the break. Wheat started a trifle firmer on a little buying by one of the big houses. Dips followed on dry weather for the spring movement, weak cables and heavy world's shipments. Sept. started 1/2c down to 1 1/2c up at 7 1/2c to 7 1/2c and slumped to 20 1/2c. December opened 1/2c to 1/2c to a shade higher at 68c to 67 1/2c and declined to 67 1/2c. Local receipts were 280 cars, one of contract grade. Minneapolis and Duluth reported 817 cars, making a total for the three points of 903 cars, against 1,431 a year ago.

A good export demand helped wheat in a slight rally late in the day after the market had hung idle for some time. Sept., however, declined weak, half cent down at 7 1/2c; December held back to 67 1/2c and closed steady, a shade down at 67 1/2c.

Corn belt had a warm weather yesterday, cables were lower and trade has increased by bearing. Nearly all operators felt that with another week of warm weather a big corn crop will be assured. Sept. weakened nervously on a little selling starting 1/2c to 1 1/2c off at 57 1/2c to 57 1/2c, dipped to 56 and rallying to 56 1/2c. December opened 1/2c to 1/2c down to a shade up at 42 1/2c to 42 1/2c and declined to 42. Receipts were 123 cars, 19 of contract grade.

DURAND MAY STAY ON TICKET.

Flint, Mich., Sept. 8.—At a council of the friends of Judge Durand, held yesterday, it was decided to leave his name on the ticket until the meeting of the state committee on Tuesday. His brother will go to Grand Rapids and present his letter of acceptance, and the final decision will be governed by the state of his health at that date and the judgment of the committee. In the light of the patient's disposition and love of retirement the

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Digesting is unnecessary. Kodol digests any kind of food. Strengthens and invigorates.

SHOP AND RAIL

PENNSYLVANIA "SPECIAL" IS MADE UP OF NEW CARS.

TRUNK LINES VS. THE WABASH

FIGHT FOR THE FINDLAY A SCHEME TO DEFEAT GOULD.

BROKE INTO TICKET OFFICE

SEVERAL ROBBERIES REPORTED AT HANNA, IND.

The Pennsylvania "Special," No. 28, will be made up entirely of new cars just out of the Pullman shops today. This train consists of two sleepers, a combination smoking and baggage car and a diner. In appointments it has no superior in the world, and but very few equals. It is reported that the "Special" will add a sleeper in the near future, so great is the demand for accommodations on the train.

MR. MCCREA TALKS.

James McCrea, first vice president of the Pennsylvania, was last week in Philadelphia, and to a reporter of the Press he said the roads had not sufficient motive power to move the business offered and he believed there will be further congestion of freight. "During the last two years," he said, "manufacturers of locomotives have been taxed to their utmost. All the railroads have increased their motive power. It now remains to be seen if there are enough locomotives to haul the cars. I believe there are not and there will be some trouble experienced in the movement of freight. Business all over the country has greatly increased, and while the railroads have added a large number of locomotives and cars to their equipment, I am of the opinion that there are not enough, and there is no way by which we can procure more motive power. Locomotive builders have been taxed to their utmost, and there is hardly a railroad in the United States of any importance that is not seeking to secure more engines."

WILL BE A GREAT EVENT.

The various committees having in charge the annual field day of the Fort Wayne Electric Relief union, to be held at the mile track next Saturday, have been quite active since they assumed those duties and the people are promised the greatest events in that line ever gotten up in this city. Never was there as great an interest displayed in such events as the electric boys and their friends are taking in the coming events. The Sentinel published the program some days ago, but since then some interesting features have been added, which will be published later.

YESTERDAY'S EXCURSIONS.

With the exception of travel into Chicago and into this city, yesterday's excursion business was not up to the standard of the previous dozen Sundays. Incoming the Lake Erie and Western had the biggest crowd, bringing from Conneville and intermediate points 450 people. The Wabash brought in 316 from Toledo and took 125 out of this city for that place. It also took forty Fort Wayne people to Detroit. The Nickel Plate train to Chicago, which started from Bellevue, had on board 408 people when it left this city and 200 of these were residents of Fort Wayne. This train carried 542 people into Chicago. Rome City attracted 300 of our people and the Cincinnati, Hamilton and Dayton road's excursion train had 150 people on board when it pulled out of this city for Cedar Point. It picked up excursionists at nearly all points west of Findlay and went to the resort with 275. The Pennsylvania's week end excursion to Chicago Saturday was a decided success, there being 391 tickets sold in this city. The company had to run another section of the train to pick up the people west of this city who were unable to get aboard of the first special train.

A SPUR AT BIPPUS.

The Wabash will soon put in a spur track at Bippus, Ind., for the accommodation of the Hunting Light and Fuel company. The latter made the deal and the company furnished the ties and rails and will put them down. The Wabash never hesitates to put in a siding wherever there is evidence that shipping from that point will justify such expenditure.

THE SCOTT FUNERAL.

The Pittsburg shopmen turned out liberally yesterday afternoon to the funeral of their late shopmate, George Scott, sr., which occurred at 2 o'clock from the late residence of the deceased. The Masons had charge of the funeral and the pall-bearers were members of that society. A Pittsburg of Wabash They

William Crighton and George Thompson. The floral offerings were magnificent and numerous, two of the most beautiful pieces being contributed by the Pennsylvania employees.

THE ACCIDENTS.

C. E. Griffith, a switchman employed in the east yards of the Pennsylvania, had a wrist bruised, a gash on his head and his body uncomfortably pinched between cars yesterday while attempting to make a coupling. His injuries are sufficient to keep him from work for awhile, but no permanent evil will result.

Charles Horstman had a finger nail torn from its fastenings Saturday night at the Wabash shops.

G. Gibbons, Wabash shopman, had the great toe of his right foot mashed. This accident happened Saturday.

A. L. Baxter had a finger crushed by a wrench slipping. E. J. Thompson had his left leg bruised by a hammer, which slipped from the nut. Both men are car builders.

RETURNED TO WORK.

The Pittsburg shops' working force is in better shape today than it has been for several days, so many men having reported for work who were sick or off duty for other causes last week. Among the number are V. A. Schoyer, Joseph Noth, James Trythall, M. H. Morrison, George W. Merritt, Henry Danmeyer, Michael Keleher, J. G. Polhamus, T. R. Stapleford, E. J. Wefel, Everett Pierce and James J. Conway. Mr. Trythall was visiting his brother in Salt Lake City and Mr. Morrison and his family were visiting relatives in Kokomo; Henry Danmeyer was in Detroit two weeks, and J. P. Stapleford spent two weeks in Valparaiso. The others were off on account of sickness or sickness in their families.

BEAT THE PITTSBURG.

The Lake Shore freight house men claim a great victory on the base ball field over the freight house men of the Pennsylvania, and as the latter were reticent when questioned about the matter this morning, there is reason to believe that the claim is justifiable. The score was 37 to 22 in favor of the Lake Shore and the chief feature, aside from the many scores, was the home run of Stockman, of the latter club. Batteries for the Lake Shore, Stockman and Jauts; for the Pennsylvania, Keet, Clausmeier, Caveller and Hayes.

RETURNED FROM EUROPE.

Ed and J. C. Struchon, of the Pittsburg shops, resumed work this morning, having returned from a visit to the old home in Switzerland, which they left eighteen years ago and had not seen since until this summer. They also visited other European countries and report having had a fine time. Jules Simons, also of the Pittsburg shops, who went to Europe with the Struchons, brothers, remained in Paris to visit relatives awhile. He will return home in about two weeks.

FIGHTING THE WABASH.

Indianapolis Journal: "An attorney of Fort Wayne, in referring to an article in the Journal a few days ago regarding the possible extension of the Northern Ohio road from Delphos to Fort Wayne for a Chicago connection with the Lake Shore road, asks if it is not more probable, in event of such extension, that the Nickel Plate will be utilized from Fort Wayne to Chicago, instead of using the branch to Waterloo, which would be going northeast instead of Chicago? The Nickel Plate is a Vanderbilt road and would make a direct and short line from Pittsburg to Chicago. He adds that there is another scheme on foot of which the Journal has not learned. He says the Vanderbilt and Cassatt interests are bitterly fighting the Wabash at Pittsburg. 'It has come to my knowledge that the Wabash has had under consideration the acquisition of the Findlay, Fort Wayne and Western, which runs due east from Fort Wayne to Findlay, and then to make an extension connecting with its proposed Toledo and Pittsburg line. A glance at the map will show what a splendid route it would make from St. Louis to Pittsburg. The Findlay (C. H. & D.) enters Fort Wayne on the Wabash right-of-way, and its trains arrive and depart from the Wabash station. This week proceedings for foreclosure and application for a receiver have been instituted already begun, the Findlay, the Wabash and the company furnished the ties and rails and will put them down. The Wabash never hesitates to put in a siding wherever there is evidence that shipping from that point will justify such expenditure."

would be eighty-nine miles, a saving of six and a half miles in distance and forty-five and a half miles of new road construction."

BROKE IN TICKET OFFICE.

Capt. Henry Stoll, of the Pennsylvania police force, has been notified of an attempt at robbing the company's ticket office at Hanna, Ind., between the hours of 12 and 2 Sunday morning. The burglars pried the rear door open with a chisel and sledge hammer stolen from Thomas Boyd's blacksmith shop, but they were evidently frightened away, as nothing was disturbed in the office.

Other places did not escape so easily, however. Ewald Geiger's saloon, south of the depot, was robbed of \$10 in cash; Gibson & Geiger's general store, next door, was robbed of \$1.50 in pennies, and Joe Malloy's saloon, north of the depot, was touched to the extent of \$5 in cash and some whisky. When the robberies were discovered the authorities, with some bloodhounds, immediately got on the trail, which led to Knox, thence down the Nickel Plate to the Indiana, Illinois and Iowa road, where all trace of it was obliterated. It is supposed the thieves got aboard an eastbound freight train on that road.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little bluish or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

We Want the Attention of Mothers.

Some store-keepers as well as other folks never get over the idea that a boy is intended to eat at second table and wear the first thing that comes to hand.

A Kansas teacher asked a nine-year-old lad to write a composition; the subject was "Boys," and he began his essay: "The earth is divided in two kinds of people, human beings and boys. Boys are called Sonny or Bub, and when they ask questions folks let on not to hear."

That's the idea exactly. Grown people are absent-minded when it comes to dealing with boys.

Store-keepers have their heads full of other things, and the boys' department is not given close attention. It requires just as much thought and care to dress a boy properly as to clothe a man.

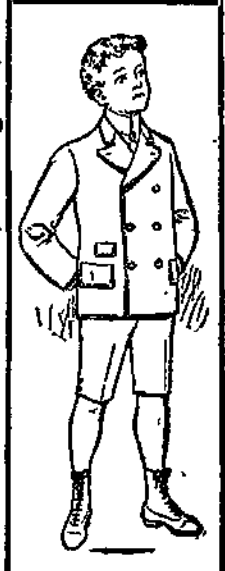

We have given our children's department that thought and care, and the result has been a magnificent collection of boys' wearables.

A great deal of care, patience, time and talent has been expended here that our boy customers may be better dressed. We do not charge more for these goods than other stores ask for ordinary clothes, made without half the thought. We want boys and their mothers to come in and see us.

GOVERNOR OF PENNSYLVANIA MAKES STATEMENT.

PAYS A VISIT TO NEW YORK

DECLARES HIS MISSION IS ON PRIVATE BUSINESS.

New York, Sept. 9.—Governor Stone, of Pennsylvania, who arrived in the city last night, made a brief statement today relative to his presence here and the coal situation. He said:

"I am here on private business. I expect to return to Harrisburg today. I am as anxious to see the strike settled in Pennsylvania as any one can possibly be. I can only repeat what I have said in previous interviews, that if I can be satisfied that the legislature would pass a law that would settle the strike and prevent others, I would not hesitate to call it together, but I must be satisfied that such a law can be passed."

In reply to a question, the governor said he had no appointment to meet coal operators or any of their representatives in this city. He knew President Baer, of the Philadelphia and Reading railroad, but there was no arrangement that he should meet Mr. Baer, should the latter come to the city today to attend an expected conference of coal operators.

Governor Stone also said that he had no appointment here with either Senator Platt or Governor Odell. When he was questioned about the situation in Wilkesbarre and as to whether he intended to send more troops there, he replied that he had nothing to say.

The governor was told of a report in circulation which was supposed to account for Senator Platt's prediction that the coal strike would be ended this week. It was to the effect that Senator Platt had knowledge of a plan to have a committee appointed representing New York, New Jersey and Pennsylvania, the committee to act in an advisory capacity and to suggest legislation for the settling of the strike and prevention of other labor troubles.

Governor Stone refused to comment on this report.

Governor Stone this afternoon paid a visit to the offices of the United States Steel corporation.

When Governor Stone left the office of the United States Steel corporation, he said:

"Attorney General Elkin, Senator Linn and myself have been in consultation for some hours today with P. A. B. Widener, of Philadelphia, who is a director in the United States corporation, and is associated with Mr. Morgan in many business interests. Mr. Widener is very anxious to see the strike settled and today took the matter up with Mr. Morgan. We are doing what we can."

INVITATIONS HAVE ARRIVED

HANDSOME CARDS FOR COURT HOUSE DEDICATION.

Committee Begins Mailing to Long

List of Officials—Durbine to Come With Roosevelt.

The official invitations to the dedication of the Allen county court house have arrived from the engraving house and the card is a very handsome piece of work, prepared with excellent taste, and will make a showing of simple dignity quite in keeping with the importance of the event for which it is designed.

There are twelve pages in the folder, executed on heavy paper and tied with tri-colored cord. Upon the title page is an engraving of the superb building, and the surrounding embellishments include a band of stars, the scales and sword, the open book, and above the engraving of the building is the flaming torch, surrounded by a wreath. The invitation proper reads as follows:

"The honor of your presence is requested

day, which has already been published, and two subsequent pages are occupied by the list of names constituting the various committees in charge of the dedicatory arrangements. Upon the last page is a portrait of General Wayne, tastefully embellished as to surroundings.

The committee on invitations has already begun the work of mailing the invitations to the long list of officials who are to be guests of the city and county upon this occasion.

Governor Durbin has advised the committee that he will arrive in Fort Wayne on the presidential train at 6:30 o'clock on the evening of the dedication day. Members of his staff will precede Governor Durbin to Fort Wayne.

The freshman class this year numbers fifteen.

HAD A VERY PERILOUS FALL

FRED KEPLINGER'S EXCITING EXPERIENCE.

Freight Elevator in Armstrong Establishment Drops From Fourth Floor to Basement.

Caught as an unwilling passenger in an elevator when it dropped from the fourth story to the basement was the experience of Fred Keplinger Monday afternoon. Mr. Keplinger is an employee of the James A. Armstrong company and his perilous fall occurred in the building occupied by that company at Calhoun and Washington streets shortly after the noon hour.

The young man was fearfully shaken up, considerably bruised and thoroughly frightened by the mishap, but it is believed he will suffer no serious consequences. Mr. Keplinger, together with W. E. Woebeking, the buyer for the company, had just made the ascent to the top floor of the building in the large freight elevator, which is operated by water power.

Mr. Woebeking stepped from the platform, when suddenly the elevator, without an indication of what was coming, shot down the shaft at a frightful speed. Young Keplinger was its only occupant, and he grasped the lever in an attempt to slacken the speed of the car, fully realizing the peril of his position. The mechanism refused to respond, and an instant later the elevator struck the basement with a crash.

Attracted by the noise, other occupants of the building hurried to the basement and assisted the thoroughly frightened young man from the platform. He was suffering considerably from the effects of the fall, but the air cushions had in a measure broken the force of the drop, and undoubtedly prevented his serious injury, if not his death. The mishap is believed to have resulted from some defect in the motor or its attachments.

BY BLOODY OATH

MEMBERS OF ST. LOUIS BOODLE COMBINE WERE BOUND.

LIFE ITSELF THE FORFEIT

GRAND JURY SECURES COPY OF THE OATH.

BOODLERS ARE UNDER COVER

OFFICERS WATCHING FOR THE INDICTED MEN.

St. Louis, Sept. 9.—The search for the nine indicted members of the alleged house of delegates boodle combine, who thus far have not been found by the police and deputy sheriffs became the principal business of both classes of officers today after the night had passed without the capture of any of the men sought.

The homes and accustomed haunts of Edmund Bersch, Julius Lehmann, Charles F. Kelley, Louis Decker, "Kid" Sheridan, Charles J. Denny and Emil Hartman were watched by policemen all night and these watchers were relieved this morning by other policemen and deputy sheriffs. William M. Tamblin is said to be in Cleveland, Ohio, and Adolph Madera in Colorado.

OFFERED ENTIRE FORCE.

Chief Kiely has offered to place the entire police force, if needed, at the disposal of the circuit attorney in aid of the deputy sheriffs. The places of egress from the city have been guarded and bridges, stations, ferry and street car terminals are being closely watched.

About Kelley and Lehmann, who are now under heavy bonds, Kelley in a pending trial and Lehmann on an appeal, the police feel less solicitude. They express the belief that these two are simply trying to find bondsmen.

Although two deputy sheriffs have been searching for him continuously, Delegate Chas. F. Kelley, of the Twentieth ward, former speaker of the house, seems to have disappeared. That he is still in St. Louis, however, and within a short distance of friends, is believed. He telephoned to the four courts late Monday afternoon and stated to the sheriff that it would not be necessary to hunt for him, that he intended to appear and give bond today.

THE PRESENT STATUS.

The present status of the members of the combine is as follows: In Circuit Attorney Folk's custody—John K. Murrell, E. E. Murrell, George F. Robertson.

In custody of police and sheriff—John H. Schnettler, J. J. Hannigan, John Helms, Otto Schumacher and Charles Gutke.

Released on bond—Harry A. Faulkner, T. E. Albright.

Not apprehended—Emile Hartman, Chas. F. Kelley, Chas. J. Denny, Louis Decker, Edmund Bersch, John A. Sheridan and Julius Lehmann.

Out of the city—William M. Tamblin, Cleveland; Adolph Madera, in Colorado.

BOUND BY BLOODY OATH.

It is alleged that an oath was administered to each of the nineteen members of the combine whose identity was disclosed by the confession of J. K. Murrell yesterday. A copy of it has been given to Circuit Attorney Folk and the grand jury. It is as follows:

"I do solemnly swear before the Almighty God that in associating myself and in becoming a member of this combine, I will vote and act with the combine whenever and wherever I may be ordered to do so.

"And I further solemnly swear that I will not, at any place or time, reveal the fact that there is a combine and that I will not communicate to any person or persons anything that may take place at a meeting of the combine.

LIFE THE FORFEIT.

"And I do solemnly agree that, in case I should reveal the fact that any person in this combine has received money, I hereby permit and authorize other members of this combine to take the forfeit of my life in such manner as they may deem proper, and that my throat may be cut, my tongue torn out and my body cast into the Mississippi river.

"And all of this I do solemnly swear, so help me God."

John K. Murrell's statement that the combine of 1899-1900, of which he was a member, accepted bribes of \$2,500 each for their votes on the lighting bill of 1900 made the lighting scandal the chief point of investigation by the grand jury today.

LODGED IN JAIL.

Shortly after noon Edmund Bersch was taken into custody. He was lodged in jail in default of \$15,000

ball, as were also John H. Schnettler, J. J. Hannigan, John Helms, Otto Schumacher and Charles Gutke, who spent last night and this morning at their homes in the custody of deputy sheriffs.

Former Delegate W. M. Tamblin is under arrest in Cleveland, Ohio. Chief of Police Kiely was called to the long distance telephone by Tamblin today. The latter informed the police that he had been arrested and desires to return to St. Louis at once. He requested that an officer be sent after him with as little delay as possible.

MURRELL'S CONFESSION.

Delegate J. K. Murrell, who was a fugitive in Mexico, but has just returned to face the indictment brought against him last spring, has made a confession to the grand jury, on which the later indictments were based. Murrell makes the following statement for publication:

"I have surrendered unconditionally to the circuit attorney, and have made a full and free confession. I could no longer stand the agony I endured as a fugitive from justice and the wrong done me by the parties, just as guilty as I, who made me their catpaw.

"I am not permitted to give the details of the evidence that I have put the circuit attorney in possession of. This will all come out on the trial, and I am willing to go on the stand and tell all I know. I held the key to the box in the Lincoln Trust company containing the \$75,000 bribe money to go to the house of delegates upon the passage of the suburban bill.

"This money was put up as the purchase price for the votes of the combine, that price having been agreed upon. The combine of the house of delegates was composed of nineteen men. This combine held frequent meetings in the room adjoining the house of delegates' chamber.

"There most of the schemes to get money for votes were concocted. When the suburban matter came up before the combine I was selected to negotiate with Philip Stock, the representative of the suburban railway, as to the best price we could get for our votes upon the passage of the bill. I reported the various negotiations to the combine meetings and was instructed by the combine from time to time what to do.

HOLDS KEY TO THE VAULT.

"When the price was agreed on they designated me as the person to hold the key to the box containing the \$75,000, which we were to get when the bill was passed and signed by the mayor. The deposit of the money, the amount and the conditions were duly reported by me to the combine meetings.

"I am not permitted to make the operations of the combine on this particular matter public at this time. The purpose of the combine was to control legislation and sell legislation for the benefit of the members of the combine.

"Shortly before the suburban bill the combine sold their votes on the lighting bills for \$47,500. This money was handled by Kelly and was paid to the members of the combine at a meeting arranged for that purpose at Julius Lehmann's house. Each member of the combine received \$2,500.

"I was present and saw that money paid to the various parties. These are only two instances, but there are others, evidence of which is in the possession of the circuit attorney. These two instances show, however, what has been going on in the municipal assembly.

NOT REGARDED AS WRONG.

"We did not look upon what we did as a serious crime, as it had gone on so long without interruption that it was not regarded by those who participated in it as morally wrong. Until the present circuit attorney took office no sincere effort, apparently, was ever made to punish what was being done as a crime.

"I have lived in St. Louis all my life and have many friends here. I have been honest heretofore in all matters, and have done no man wrong, and thought I would not take a dollar from any person unlawfully, but the practice of the combine in the assembly taking bribes was so frequent that I went along with the tide and did not realize the enormity of the offense, and my conscience was seared in that regard.

"These boodle investigations have made me see the crime in all its hideousness. No matter what happens to me, I will do all I can to aid the circuit attorney in breaking up the boodle gang that has so long controlled affairs in this city and alone as far as I can for my awful mistake."

LONG LIFE ENDED

PIONEER FORT WAYNE HOTEL MAN IS NO MORE.

PHILO RUMSEY DIES IN OMAHA

CONDUCTED ROCKHILL HOUSE FOR MANY YEARS.

PROMINENT IN EARLY DAYS

HAD REACHED ADVANCED AGE OF MORE THAN 90 YEARS.

Philo Rumsey, one of the most prominent citizens of Fort Wayne during its pioneer days, and who will be well remembered by all the older residents of the city, died this morning at his home in Omaha, Neb., at the advanced age of more than ninety years.

News of Mr. Rumsey's death reached the city at noon today in a telegram to H. C. Rockhill, and beyond the simple announcement that the pioneer had gone from earth there were no particulars. It is regarded as probable by friends here that the remains will be brought to Fort Wayne for interment, though definite decision to this end has not yet been reached.

PIONEER HOTEL MAN.

Mr. Rumsey came to Fort Wayne in the early '30s, and was first engaged in mercantile pursuits, conducting for some years a tailoring establishment. He is best remembered, however, as landlord of the old Rockhill house at Main street and Broadway, in the building which has since been transformed into the St. Joseph hospital. This was the leading hotel of the city in early days, and as its head Mr. Rumsey became very widely known.

Leaving Fort Wayne about thirty-five years ago, Mr. Rumsey was for a time in charge of the Cozzens hotel at Omaha, Neb., but during his later years he had been living a retired life at Omaha. Though advanced in age, Mr. Rumsey was active and vigorous, and occasionally returned to Fort Wayne to visit the scenes of his earlier years, though it has been ten or twelve years since he made his last trip eastward.

MARRIED MISS ROCKHILL.

His wife was Miss Rebecca Rockhill, a half-sister to Messrs. H. C. W. W., Jesse B. and Hugh M. Rockhill, of this city. She is yet living, together with a son, James B., and a daughter, Mrs. Edith Loring, of Omaha. Another son, Henry Rumsey, lost his life many years ago at the burning of the old Richmond hotel in Buffalo, where he made a heroic and successful attempt to save the life of a little child which had been left in the burning structure. Miss Julia Rumsey is a granddaughter of the deceased, who is now in Europe with her mother, Mrs. Henry Rumsey.

Few men were more prominent or better known in Fort Wayne fifty years ago than Mr. Rumsey, and all the remaining pioneers will have most kindly recollections of the active, useful and respected citizen of olden days.

WILL BE NO FURTHER DELAY

STRUCTURAL IRON TO COME FOR HIGH SCHOOL.

Trustee Hamilton and Contractor

Roney Visit Toledo and Get Some Promises.

Failure of structural iron to reach the city will no longer delay work upon the new high school and manual training school building. This, at least, is the promise of the Toledo concern which has the contract for supplying the iron for the big building.

Trustee Allen Hamilton and Contractor W. H. Roney returned last evening from Toledo, where they had been in a strenuous effort to hasten the delivery of the structural iron by the American Bridge company, which contracted months ago to have the material here as rapidly as it was needed.

From one cause and another, however, the company has found it impossible to get the iron out promptly, and an aggravating delay of several weeks has occurred, during which work upon the big building was absolutely at a standstill. One carload of the iron arrived last week, and assurances are now given that there will be no further delay in the shipments.

ARTICLES ARE FILED.

The articles of agreement between

the National Biscuit company and the Heit-Miller-Lau partnership relative to the sale by the biscuit company to the partnership of the candy department of the business, were filed for record today. The partners have a five years lease on the premises and fixtures and at the end of that period can, if they so desire on terms, the basis of which are agreed upon, buy the lessor's interest.

NEGRO RAPIST HANGED.

THE PRESIDENT AT ASHEVILLE

MR. ROOSEVELT IN NORTH CAROLINA.

Enthusiastically Greeted by Crowd of Many Thousands—Makes a Taking Speech.

Asheville, N. C., Sept. 9.—Asheville extended a warm greeting to President Roosevelt today. Fully 10,000 people occupied the court house square, where the president addressed them from an improvised stand. The special train arrived here at 9:30 o'clock. The night was passed at Hot Springs and the run from there to Asheville this morning was uneventful. A shot stop was made at Marshall, the home of Senator Fritchard, where a large number of people had assembled. The president thanked them for their greeting.

CONFEDERATES IN ESCORT.

At Asheville he was met by a reception committee, of which Charles McNamee was chairman. Mayor Miller, Senator Fritchard and Congressman Moody were among those who greeted the president, the members of the committee being introduced to the president in his car by Senator Fritchard. Carriages were in waiting and under the escort of Zeb Vance company, Confederate Veterans, carrying battle flags, and two companies of state militia and the first regiment band, the party started for the court house square. At Battery park the school children were assembled on the lawn and sang "America" as the party passed. President Roosevelt stood in his carriage bareheaded. The city was elaborately decorated and hundreds of people had come in from the country to greet the president. When the president was introduced by Chairman McNamee he was enthusiastically greeted.

MR. ROOSEVELT SPEAKS.

The president said it gave him great pleasure to meet the people and to speak before the monument of the late Senator Vance, which is near the stand. He was glad, he said, to meet people whose forefathers had fought under Marion; glad to be greeted by men who served in the confederate army. He told of his visit Sunday to the battlefield of Chickamauga and repeated the declaration that the man would be but a poor American who did not come from the scenes commemorating the valiant deeds of three armies a better American. He told of serving under Wheeler in Cuba and said that yesterday he met an old man who served in the confederate army.

"I was one of Wheeler's boys," said the veteran. "So was I," replied the president.

"I think it is a good thing," said the president, "for an American president to have the chance to travel through different sections of the country, because it is a mighty good thing for any American to meet his fellow Americans in order that he may realize how trivial are the points of unlikeness and how essential are the points of likeness. A good American is a good American whether he came from the north, the south, the east or the west."

LOCAL LINES.

F. L. Beach, of Norwalk, Ohio, is the guest for a few days of Rev. and Mrs. E. W. Allen.

SHE GOES TO REFORM SCHOOL

IRMA HEDGES, AGED 15, WAS ON DOWNWARD PATH.

Is Ordered Committed on Petition of Her Father—Other News of the Courts.

Judge O'Rourke heard the evidence this morning in the case of the state vs. Irma Hedges, whose father asked the court to commit her to the reform school for girls at Indianapolis. The girl was convicted solely upon the contents of letters written to her by young men and intercepted by her father. The letters are damaging evidence against the writers, who refer to acts which constitute the crime of rape, the girl being only fifteen years and under the age of consent. The brothers of the girl were heard to say that they would prosecute the consorts of the child and there is consequently a state of alarm in certain circles of youths and boys. The court ordered the girl committed and she will be sent to the institution until she is eighteen years old, unless her condition physically prevents. The girl's mother, who is a divorced wife, had been hiding the girl from Sheriff Stout for several days. She is employed at a resort on the flats and was keeping the child with her so as to avoid arrest. The mother attempted to keep Irma out of the institution by claiming that she was over sixteen, but the father brought the church records showing her real age.

COURT NOTES.

Charles W. Thurman has entered suit in the superior court against Morris Robinson and others to quiet title and also against Ella F. Harris and others. His attorney is Robert B. Dreifelbliss.

Judge Adair, of the Whitley bench, was engaged this morning in the hearing of further argument in the Branstetter case.

The will of John A. Bobay was admitted to probate this morning. Celina Bobay was appointed executrix of the estate and the guardian of the two minor sons, Joseph and Alexander. She gave a bond of \$1,200. E. V. Emrick, attorney.

The appeal of Bert Haring to the circuit court from Justice Huser's court was filed this morning by A. H. Bittinger. Haring was fined \$1 and costs by Justice Huser for pointing a pistol at Henry Wehr.

The case of Strobel vs. Zoeller and others in the superior court was dismissed. This was a suit for damages on the alleged ground that the defendants had injured the bakery business of the plaintiff. The suit was first brought in the circuit court and then dismissed and now has been dismissed in the superior court. The case took another turn this morning when Strobel appeared as a defendant in a suit for ejectment, Zoeller being the plaintiff. A change of venue was asked for and the case was sent to Justice Ray-houser.

Maggie Britton was granted a divorce from Cornelius Britton by Judge Aiken this morning and the plaintiff restored to her maiden name, Maggie Craig.

Usford Allen who passed an ancient and void New Jersey bank bill for the genuine money and obtained change for \$10 and three bottles of beer has decided to enter a plea of guilty and was expected to receive sentence this afternoon from Judge O'Rourke.

The board of commissioners will meet Wednesday to select inspectors to serve at the state election November 4.

A patent was filed with Recorder Gillette for record this morning to the Wells tract of ground which is to be divided among heirs of William Wells the original patentee.

The original was signed by James Monroe, president of the United States.

Sheriff Stout has a wallet found in the lavatory belonging to Charles Schwartz a railroad man.

The grand jury will convene tomorrow for the consideration of bills dealing with those accused of crime.

IN JUSTICES' COURTS.

Justice Tancey heard the evidence Saturday in the cases against Mrs. Revert, of St. Joe township, for assault and battery upon Maggie Potter and her daughter, Bertha Porter. The hearing occupied the entire day and clearly developed that the trouble was all about a turkey. The evidence established the guilt of the defendant in the mind of the court, who assessed a fine of \$3 and costs in each case, amounting to the price of several turkeys. The families are neighbors. The charge against Henry Revert for malicious trespass in killing the plague of a turkey was dismissed, the court no doubt holding that it were better for all concerned if that turkey had never been hatched.

John Steele, who called Watchman Hanson, at the Berghoff brewery, an offensive name on Labor day and then had Hanson arrested and fined for assault and battery, had his tables turned on himself Saturday afternoon

in Justice Bullermann's court. He was fined \$1 and costs for provoking Clyde Sivits, who left his boarding house without paying up and seemed about to hike out of town, was fined by Justice Bullermann \$1 and costs, amounting to \$18. A slip of the court's tongue in reporting the amount to the sheriff, occasioned an omission of the \$1 due the state and Mr. Sivits, who paid only \$17, will "have to come again."

MEETING OF LAND LEAGUE.

The Fort Wayne branch of the Irish Land league held a meeting last evening in Literary hall, at which Timothy Pochey was elected a delegate to the national convention of the league, which will be held in Boston October 20 and 21. A number of candidates were admitted to membership and other business matters received attention. It was decided to hold another meeting Tuesday evening, September 16, in Literary hall, to which the Irish societies of the city will be invited. It is the intention of the league to hold a mass meeting in the near future to take steps to assist the land league in Ireland in their struggle against the landlords' combination.

WILL BEGIN PRACTICE SOON.

In a few days candidates for the high school foot ball team will begin practice at League park and as there is some very good material in the high school this season, it is probable that the team will be an improvement over last year's. The High School Athletic association is endeavoring to secure the services of Coach Herman Brown and it is very probable that he will take the team in hand. Mr. Brown's ability as a coach was thoroughly demonstrated last year when he succeeded in getting together a good team in spite of the very trying circumstances under which he worked.

SERVICES HELD TODAY.

Funeral services for Stephen Allan Fleming, the little son of Hon. and Mrs. S. B. Fleming, were held privately from the Cathedral at 9 o'clock this morning. Rev. Father Charles Dhe, of Hartford City, officiated and only relatives were present.

WAS ANOTHER BIG DAY.

Yesterday was another big day for the Southwestern, the total number of passengers handled between Fort Wayne and Wabash being about 5,500. The west end turned out considerably the heavier volume of travel.

LOCAL LINES.

The Fraternal Assurance Society of America will give a watermelon and pedro party at Elektron hall Wednesday evening. The society recently made that place its lodge home and the coming affair is in the nature of a dedication.

Miss Constance Wilder, of Cincinnati, formerly of this city, is expected this week to be the guest of Miss Alice Ward.

The Blues played ball at Montone yesterday afternoon, beating the crack team at that place by a score of 14 to 0. Smith pitched for the Blues and the Montones only got two hits off him. During the progress of the game the Blues knocked two pitchers out of the box and otherwise performed to the discomfort of the Montone boys, who took defeat good naturedly.

Mr. and Mrs. I. Weil are entertaining Mrs. Weil's brother, J. Rothchild, of Terre Haute, Ind.

Miss Lottie Gelsmar, of Toledo, is the guest of the Misses Benoy, at the home of Mr. and Mrs. Frank Benoy.

IS NOW A FIREMAN

PRESIDENT ROOSEVELT IN THE BROTHERHOOD.
MADE AN HONORARY MEMBER
ATTENDS CONVENTION HELD IN CHATTANOOGA.
LAUDS THE ORGANIZATION
DECLARES HIMSELF IN FAVOR OF LABOR UNIONS.

Chattanooga, Tenn., Sept. 8.—President Roosevelt was today elected an honorary member of the Brotherhood of Locomotive Firemen. He attended the executive session, walking from the hotel to the auditorium a distance of a few blocks, and escorted by Grand Master Sargent, a company of the brotherhood and a detachment of Troop D state guard. The brotherhood first held its executive session which the president attended. Acting Grand Master Hannahan welcomed the president, stating that his attendance at the convention would do great good to organized labor, not only in this country but in Canada and other countries as well.

PRESIDENT RESPONDS.
The president returned his thanks for the reception and said he was glad to be with the brotherhood. He said the fireman's brotherhood was the result which naturally comes from the application of the principles of common sense to their work. He said that organized labor never had made an unfavorable request of him and if it had he would have denied it. In speaking of the appointment of Grand Master Sargent of the brotherhood to be commissioner general of immigration the president said it was one of the most satisfactory to the public and to himself he had ever made; that Mr. Sargent has a hard body and not a soft head.

MADE A MEMBER.
John F. McNamee, of Columbus, Ohio, one of the grand officers, and a member of the legislature, moved the degree of grand honorary membership be conferred upon President Roosevelt. The motion was referred to the committee on legislation and by-laws whose return was unanimous that the president be elected.

The report of the committee was adopted by a rising vote amid cheers. The president thanked the convention for the compliment paid him and Grand Master Sargent gave him a pass which admits him to all meetings of the brotherhood. At this point the brotherhood adjourned until 3 o'clock tomorrow morning and the public were admitted to hear the president's address. The band rendered "America," the president and the others in the hall rising.

WELCOMED BY MAYOR.
Mayor Chambliss delivered a short address of greeting in which he welcomed to Chattanooga all the firemen, "whether they came from Canada, Mexico or Oyster Bay." After an address of welcome in the state by Governor MacMillan, and an address by Grand Master Sargent, interspersed with music, President Roosevelt was introduced by Acting Grand Master Hannahan. His reception was most enthusiastic, the convention coming to its feet and cheering. When the president addressed the convention as "My Brothers," he was cheered again. He said he was glad to be here and joined with the others in extending a cordial welcome to the visitors from Canada and Mexico. He needed no pressing, he said, to come to the meeting.

"I always have, gentlemen," admitted greatly the railroad men of the country and I do not see how anyone who believes in the fundamental principles of citizenship can fail to do so."

COMPARED TO SOLDIERS.
He compared the railroad men to soldiers who are accustomed to taking risks, acting on their own initiative and obeying orders. In raising his own regiment, he said, he got a number of railroad men. Of course, the first requisite was that a man should know how to ride and how to shoot. Giving them these two qualities he found there was no better group from which soldiers could be drawn than railroad men.

The president said he hoped and believed that the danger of war would be less in the future than it has in the past. At the opening of the twentieth century we had vastly changed from a century ago. We as a people find awaiting us problems which need our best thoughts. The president referred to the good work accomplished by the brotherhood of locomotive firemen.

"I believe emphatically," he said,

"in organized labor. The strength of its organization depends on its worth, and the self restraint which I am glad to be able to say your brotherhood has shown."

NECESSITY OF WORK.
The president spoke of the necessity of work. "I pity the creature who does not work," he said, "at whichever end of the social scale he may regard himself as being." He said the law of work well done secures the successful life.

Discussing the benefits which have grown out of the organization of the brotherhood of firemen, the president said the brotherhood does much for all firemen, but he firmly believed that the individual firemen since the growth of the brotherhood, had been more, not less, efficient than he was twenty years ago.

"A great deal can be accomplished," he said, "by working each for all and all for each, but we must not forget that the first requisite in accomplishing that is that each man should go on with this work for others by working for himself.

"I feel that organizations like yours have a tonic effect upon the whole body politic. It is a good thing that there should be a large body of our fellow citizens who exercise the old qualities of courage, daring and resolute unflinching, willingness to meet danger at need, and that there should be a profession whose members must year and year out display these qualities. I hope to see all of our people develop the softer, gentler virtues to an ever-increasing degree, but I hope never to see them lose the sterner virtues that make men."

GOOD CITIZENSHIP.
The problem of good citizenship is a problem of producing good men and women. All the organizations in the world won't make a coward or a sneak a good engineer or a good fireman, and the constitution will work had if in the average citizen is not something that stands as far above intellect as intelligence above mere brute strength—character that is composed of honesty, of courage and of hard common sense."

The president told of his trip over the battlefield of Chickamauga yesterday and drew a lesson of the heroism shown by the armies of the north and south. The men who composed these armies, he said, possessed the requirement of which good citizenship is made. He referred to the inscription on the monument raised by Kentucky to the union and Confederate soldiers from that state who fell on that battlefield.

He read the inscription as follows:

"As we are united in life and they united in death, let one monument perpetuate their deeds and one people, forgetful of all asperities, forever hold in grateful remembrance all the glories of that terrible conflict which made all men free and retained every star in the nation's flag."

"That is a good sentiment, that is a sentiment by which we can all stand.

"And, oh, my friends, that sentiment has as its underlying spirit a spirit of brotherhood. I firmly believe in my countrymen, and therefore I believe that the chief thing necessary in order that they should work together is that they should know one another; that the men north should know the southern; that the men of one occupation should know the men of another occupation, so we may all realize that the things that divide us are superficial, are unimportant, and that we are and ever must be knit together into one indissoluble mass by common American manhood."

As the president concluded he was roundly cheered.

PRESIDENT LEADS PARADE.

After the auditorium meeting, the president took a carriage and led a magnificent parade through the principal streets of the city. Composing the parade were citizens in carriages, representatives of the Brotherhood of Locomotive Firemen, the entire seventh cavalry regiment, mounted, details of mounted police and the local contingent of the state guard. The procession stopped at the county court house, where from an improvised platform in the yard the president delivered a short address to ten thousand people. The exercises here were cut short by rain and the presidential party hastened to the central depot, taking the train at 1:30 o'clock over the Southern railway for Knoxville, Tenn.

SLEW HIS YOUNG WIFE.

BLEW UP GUNBOAT

GENERAL FIRMAN WRECKED HIS OWN NAVY.
GERMANS COMPLETED WORK
OFFICIAL VERSION OF THE CRETE-A-PIERROT AFFAIR.
NO COMPLICATIONS LIKELY
UNITED STATES IN NO WAY INTERESTED.

Berlin, Sept. 8.—The marine ministry has given out the following official report of the sinking of the Firmanist gunboat, Crete-A-Pierrot: "Captain Eckenmann, of the Panther, had received orders to capture the piratical gunboat Crete-A-Pierrot. The Panther went, therefore from Port-Au-Prince to Gonaives, where it completely surprised the Crete-A-Pierrot. The German commandant sent the following ultimatum:

"Strike your colors within fifteen minutes and disembark from your ship without undertaking any defensive measures whatever, otherwise an immediate attack will follow."

"The Panther had already cleared for action. The Crete-A-Pierrot hauled down her flag within the allotted time and the crew disembarked. The Panther then intended to take the Crete-A-Pierrot in tow, but an explosion of her after powder magazine soon occurred, which was evidently effected by the Crete-A-Pierrot's crew. The explosion destroyed her stern and set the vessel on fire, rendering taking her in tow impossible, especially as further explosions followed. As this was regarded as a hostile act and as the guns afore were still in condition, the Panther's captain caused the forward magazine to be exploded through a cannonade. After this was exploded the Crete-A-Pierrot broke up and sank. The admiral was on board with the rebels.

"Gonaives is in the hands of the rebels."

AN ACT OF PIRACY.

The German gunboat Panther arrived at Port-Au-Prince Sept. 5. It was announced from Cape Haitien, Sept. 3, that the German steamer Markomannia, Captain Nansen, belonging to the Hamburg-American Racket company, having on board arms and ammunition sent by the provisional government to Cape Haitien, had been stopped, Sept. 2, by the Firmanist gunboat Crete-A-Pierrot at the entrance to the harbor of Cape Haitien, and that an armed force sent on board the steamer from the gunboat took possession of the war munitions, in spite of the protestations of Captain Nansen and the German consul.

The seizure of the Markomannia has been characterized as an act of piracy. But a dispatch from Berlin to the Associated Press, dated Sept. 6, said German government circles did not take a tragic view of the seizure of the German vessel, but that satisfaction would be demanded. The foreign office agrees with the view held by the foreign representatives at Port-Au-Prince, said the dispatch, that the action of the Crete-A-Pierrot was piracy, but it was not then known whether satisfaction would be demanded from General Firman or whether the result of the revolution in Haiti would be awaited.

The Crete-A-Pierrot was a steel, screw vessel of 950 tons displacement. She was armed with one 6.2 inch gun, one 4.7-inch, four 3.9-inch, two Maxim machine guns and four Nordenfeld machine guns. The Crete-A-Pierrot was formerly in the service of the Haitian government and Admiral Killick was commander of the Haitian fleet. June 11 of this year Admiral Killick disembarked troops from the Crete-A-Pierrot to support General Firman, ex-Haitian minister at Paris, and one of the candidates for the presidency of the republic, and after refusing to recognize the constituted authorities he threatened to bombard Cape Haitien. The consular corps protested against such action being taken, but their efforts failed of success, for a few days later the admiral did bombard Cape Haitien, although little damage was done by the Crete-A-Pierrot's fire. Since June 27 the Crete-A-Pierrot has been operating in the interests of General Firman. The Haitian government disavowed the action of Admiral Killick in bombarding Cape Haitien and ordered his arrest.

MINISTER POWELL REPORTS.

Washington, Sept. 8.—As was expected, Mr. Powell, the United States

minister to Hayti, reported promptly to the state department the sinking of the Haytian gunboat "Crete-a-Pierrot," by the German gunboat Panther. The minister's dispatches are dated yesterday at Port-au-Prince. In the first dispatch the minister said it was reported that the Panther had called upon Killick to surrender and he had refused and the Panther had sunk the Crete and all the crew had been lost. The second and later dispatches corrected the statement as to the crew, saying that they had escaped. The minister promised to make an extended report by mail. The navy department also was informed of the event in the following dispatch received from Commander McLean in command of the United States cruiser Cincinnati:

"Port-au-Prince, Sept. 8.—Secretary of Navy, Washington: German gunboat Panther sunk Crete-a-Pierrot at Gonaives; crew escaped. The Panther returned to Port-au-Prince. (Signed.) 'McLean.'"

NOTHING TO BE DONE.

As matters stand, there is nothing to be done by the state department at this juncture. The officials have not changed their view that the incident was one between the German and Haytian governments, and that it was not our business. The Berlin dispatches to the effect that the Haytian government had expressed its satisfaction with the situation being brought to the attention of the department here went to confirm the officials in their position. No American interests have been affected unfavorably in their judgment, and as the United States has not recognized the revolutionists in Hayti there is no one to make complaint to this government, and on the whole it is felt that the termination of Killick's career in summary fashion may have a salutary effect, not only in Hayti, but also in South American interests, where heretofore the slightest revolutionary disturbance has been made the pretext for vexatious and expensive interference with foreign merchant vessels. Only recently the British cruiser Phaeton was obliged to force the Colombian government to release the British steamer Ecuador, which it was to impress into service as a troop transport; while still more recently Commander McCrea adopted a similarly vigorous course with respect to this same Admiral Killick, and it is not doubted that had he remained in Haytian waters, he would have seized the Crete-a-Pierrot for violation of his warning to the foreign shipping. Altogether these active naval measures are expected to have a beneficial result throughout that section of the world so far as foreign commerce is concerned.

LONDON COMMENT.

London, Sept. 8.—A few of the afternoon newspapers in commenting on the subject, seem to anticipate that the sinking of the Firmanist gunboat, Crete-a-Pierrot by the German gunboat Panther at the entrance of Gonaives harbor may prove controversial. "So summary a revenge for a breach of international courtesy," says the St. James Gazette, "is like breaking the fraillest butterfly on the largest wheel. Supposing the butterfly's big neighbor takes a hand in the game, matters may become almost serious."

The Westminster Gazette, speculating on the matter, holds that "nothing in Mounseism prevents a big continental power from boxing the ears of a troublesome boy on the other hemisphere, so long as the big boy does not proceed to eat or otherwise annex the small one."

POSTOFFICE IS ROBBED.

Youngstown, Ohio, Sept. 8.—The safe of the National Bank, postoffice, five miles south of here, was drilled open by burglars last night. They secured \$400 worth of stamps, \$200 from the money order department, a certificate of deposit on the Newton Falls, Ohio, bank for \$300, and \$150 belonging to the postmaster, W. M. Evans. The cracksmen entered the postoffice through a window. The burglary was not discovered until this morning.

STRIKERS RETURN TO WORK.

Cleveland, Ohio, Sept. 8.—Today for the first time in weeks peace and good feeling was uppermost along the river docks in this city. Acting on the advice of Grand President MacCardle, of the Licensed Tugmen's association, the union tugmen returned to their work. A number of tugs of the Great Lakes Towing company were fully manned by union crews. The non-union men, who are displaced by the strikers, quietly left the docks and will seek other employment.

WARM FIGHT PROMISED.

Denver, Sept. 8.—There promises to be a warm fight in the state democratic convention, which meets tomorrow, over the nomination for governor. The leading candidates are Gov. James B. Orman, Judge E. C. Stinson, of Cripple Creek, and Judge Theron Stevens, of Ouray.

A GHASTLY ERROR

MINE STRIKERS SLAY TWO OF THEIR FELLOWS.
THOUGHT THEM NON-UNION
ONE MAN KILLED AND OTHER CANNOT LIVE.
VICTIMS WERE OUT HUNTING MEN WERE ITALIANS WHOSE FELLOWS VOW VENGEANCE.

Wilkesbarre, Pa., Sept. 8.—Two Italian striking miners named Frank Passey and Sistine Vancostello left their homes in Swoyersville, near here, this morning to go on a hunting trip. As they approached the Harry E. Colliery they were held up by the pickets, who mistook them for armed non-union men going to work. The pickets at once attacked the Italians. Vancostello was shot in the leg and his brains beaten out with stones and clubs. His companion Passey was knocked down, his gun taken from him and then his assailants beat him with clubs so that his life is despaired of. Sheriff Jacobs and a large number of deputies went on the scene. The friends of the dead Italians have sworn vengeance and threaten to kill the men who committed the assault on their countrymen.

FIRE INTO A CROWD.

A crowd of striking miners, mostly foreigners, remained all night around the lock-up at Edwardsville, where Hiram Fisher was confined. The prisoner was held up last night as he was returning from one of the mines, where he is employed as a coal and iron policeman. Thinking his life was in danger, he fired into the crowd and two of the bullets struck Mrs. John Karamough, a Polish woman, who was seated on the stoop of her house some distance away. After firing the shots Fisher was set upon by the mob and beaten so badly that he was left for dead on the road. Later he was taken to the town lock-up, where a physician was in attendance the greater part of the night. This morning Fisher was a little better. Notwithstanding his condition the mob gathered on the outside of the lock-up and wanted to beat down the place and lynch him. The strong guard that Burgess Damno had provided prevented this.

Under a strong guard the prisoner, Fisher, was removed in an ambulance from the town hall to the hospital in this city. Two thousand people collected, many of them strikers, and for awhile the situation was very critical. As the man was brought out of the lock-up on a stretcher a number of foreigners made a rush for him, but they were driven back by the sheriff's deputies, who protected the ambulance until it got outside of the borough limits.

CLAIM BIG WORKING FORCE.

Tamaqua, Pa., Sept. 8.—Today the Lehigh Coal and Navigation company claims to have more men at work than it has had on any other day since the strike began. The company, however, will not give out a definite statement as to the number of men who are mining coal. Only two of the collieries are being operated, No. 4 and No. 12.

This morning a company of soldiers and the governor's troop patrolled the valley. They report that there were no disturbances.

United Mine Workers leaders deny that the company had made any gains. They say they can prove that all the men are standing firm. The company, they assert, is making a strong effort to break the strike, but is not meeting with success.

DESERTING ROME CITY.

Nearly all the Fort Wayne people who have cottages at Rome City have closed them and returned home. The cottager's train made its last regular run this morning, bringing in quite a large number of people who have been spending the summer months at the popular resort. Many improvements are contemplated at the lake this fall and next spring, and a number of new cottages will be erected. The Sunday excursions and the Monday morning special will be continued as long as the patronage warrants the service.

WARM FIGHT PROMISED.

Denver, Sept. 8.—There promises to be a warm fight in the state democratic convention, which meets tomorrow, over the nomination for governor. The leading candidates are Gov. James B. Orman, Judge E. C. Stinson, of Cripple Creek, and Judge Theron Stevens, of Ouray.

Orman will probably receive over 400 votes on the first ballot. To be renominated he must have 451 votes and his own friends anticipate that he will lack the requisite number on the first ballot and will not be able to hold his forces together on subsequent ballots. More than 200 delegates are instructed for Stinson and 125 for Stevens. Other candidates are Sam C. Spencer, of Gunnison; Gen. Joe Maupin, of Fremont, and R. H. Malone, of Denver.

FIRE SWEEPS SMALL TOWN.

EXCEEDS FORMER RECORDS

UNCLE SAM'S STRONG BOX IS BURSTING WITH GOLD.

But One Country in All History Has Ever Had Such a Store of the Yellow Metal.

Washington, Sept. 8.—The sum of gold now in the United States treasury exceeds that of any previous time in the history of the country, and with one possible exception, it exceeds that of any country at any time in the history of the world. The single reported exception is that of Russia about eight years ago, when that country was preparing to resume gold payments. At that time Russia is said to have had in its treasury \$398,000,000 in gold.

Last Saturday the vaults of the United States treasury contained \$878,936,194, an increase since July 1, 1901, of \$791,087,987. This stock of gold is now being added to at the rate of \$300,000 to \$800,000 a day, with no immediate prospect of a cessation in the rate of deposits. This condition of things is eminently satisfactory to the treasury officials, who regard it as the best possible evidence of prosperity and of confidence in the financial stability of this country.

The gold now coming in is being replaced by gold certificates, United States notes and silver certificates, the former being supplied where the denominations wanted are \$20 or over, United States notes for tens, silver certificates for fives, twos and ones.

TO PUNISH MOROS

GENERAL SUMNER TO HEAD AN EXPEDITION.
CHAFFEE ORDERS CAMPAIGN
MACIN MOROS IN MINDANAO TO BE SUPPRESSED.
HAVE SEVERAL STRONGHOLDS
COLERA IN PHILIPPINES IS BEYOND CONTROL.

Manila, Sept. 8.—General Chaffee has ordered General Sumner, commanding the department of Mindanao, to lead a column against the Macin Moros. In his order General Chaffee suggests that eight companies of infantry, two troops of cavalry and one battery shall form at Camp Vicars, Island of Mindanao. It is expected that the column will move within a week. Most of the attacks upon the American forces have originated in the Macin country. This movement is to be directed against hostiles, several of whom are enumerated in General Chaffee's order. General Sumner is directed to require the hostiles to give a satisfactory pledge to refrain from aggression in the future. There are several Moro strongholds in the Macin country. It is not definitely known where the first opposition will be encountered. This will depend upon General Sumner's course after moving. General Sumner is directed to protect the friendly natives.

CHOLERA BEYOND CONTROL.

San Francisco, Sept. 8.—"A boundless downpour of rain is the only remedy which will check the cholera epidemic now raging in the Philippines." So said Capt. E. H. Southall, a surgeon in the United States army, who has arrived here on the transport Buford. Captain Southall was for a time in charge of the cholera hospital in Manila. In speaking of the epidemic Captain Southall said:

"The Americans in the Philippines seem unable to cope with the cholera plague. Despite the rigorous methods used to suppress it the disease seems to spread and increase. It is very difficult to get correct figures of the mortality due to cholera because of the fact that the natives hide the dead and try to keep knowledge of the presence of the disease from the authorities."

TALKED TO CROWDED HOUSE

EVANGELIST WILSON IS HEARD BY MANY.

Opening Service at West Jefferson Street Church of Christ

Largely Attended.

The series of evangelistic services which began at the West Jefferson street Church of Christ yesterday drew great crowds of people. Last night the auditorium lecture room and gallery were filled and Evangelist Wilson soon demonstrated wherein lay his great powers of attraction. His simplicity of speech, vivid and sometimes startling illustration and intense earnestness are the qualities that make him one of the most successful evangelists in the country.

Last evening he said that men make room for everything in life but that which satisfies. They pursue philosophy, science, politics, business, society and amusement and many forms of religion, when they need the spirit of Christ. He urged them to make room for Jesus.

Tonight Rev. Wilson's subject will be "The Bible: What It Is and How to Use It." On Wednesday night he will hold what he terms a "mother's meeting." In his invitation to this meeting, he says, "If you are a mother, come; if you have a mother, come and bring her with you; if mother is gone, come and bring tender memories of her."

Rev. Wilson is assisted by Mr. Kendall, who gives vocal selections and conducts a large chorus.

SLAIN IN BATTLE

TWO NOTED DESPERADOES ARE KILLED IN TENNESSEE.

GIVE POSSE A HOT FIGHT

MORTALLY WOUNDED TWO OF THE PURSUERS.

BOTH BANDITS HAD RECORDS

EACH HAD KILLED HALF A DOZEN MEN.

Knoxville, Tenn., Sept. 8.—A special to the Sentinel from Rogersville, Tenn., says:
Jim Wright and John Templeton, noted Hancock county desperadoes, were killed and Wright's son was captured by a posse of twenty-five, headed by Joe Moss, of Gate City, Va.

In the engagement Wright shot and probably fatally wounded George Wolf, of Spears Ferry, Va., and Jack Rogers, of Rogersville, both of whom were members of the pursuing posse. Two fights occurred and in the first which began at 10 o'clock last night, Templeton was instantly killed and Wright's son was captured. Jim Wright, however, retreated to a nearby house, where he engaged the officers until daylight, when he was routed out and killed as he could not be taken alive. Wright was an escaped convict from the Tennessee penitentiary, where he was serving a sentence for murder. Wright and Templeton are said to have killed as many as six men each.

The scene of action was about 12 miles east of Rogersville. Moss had been hunting for Wright and Templeton for many weeks.

DEATHS AND FUNERALS.

DOWIE.

Mrs. Catherine Dowie, 82 years of age, and widow of the late John Dowie, died Saturday afternoon at her home in Aboit township, twelve miles southwest of Fort Wayne, after an extended illness.

Mrs. Dowie was born in Chester, England, July 20, 1820, and ten years later came with her parents to America. Her marriage to Mr. Dowie occurred in 1840, and the husband died in 1888. Mr. and Mrs. Dowie came to Fort Wayne in 1860, where they resided until 1879, then removing to the Aboit township farm.

Since the age of 15 years Mrs. Dowie has been a faithful and devoted member of the Baptist church. She was widely known and highly respected and leaves a very wide circle of friends. Four children survive: William Dowie, 1935 Fairfield avenue; John M., Thomas E. and Albert E. Dowie, all of Aboit township. Three children are dead.

Funeral services will be held from the residence Tuesday morning at 9 o'clock, conducted by Rev. J. N. Field. The interment will occur at Lindenwood cemetery at 1 o'clock, and friends who desire to view the remains may do so during the short services at the chapel.

TILBURY.

Helen Elizabeth Tilbury, infant daughter of Mr. and Mrs. Roy M. Tilbury, of Brooklyn avenue, died at 4:40 o'clock Saturday afternoon from cholera infantum.

The funeral services will be held from the residence Tuesday afternoon at 2 o'clock.

GALLAND.

Eugene, infant son of Mr. and Mrs. Leo Galland, of 1412 Francis street, died at 9 o'clock this morning from marasmus, at the age of four months.

YEOMEN TO A PICNIC.

Saturday afternoon about one hundred and twenty-five Fort Wayne members of the Brotherhood of American Yeomen were entertained by Mr. and Mrs. L. Roney at an old-fashioned picnic at their farm, southwest of the city. Mr. and Mrs. Roney, with neighbors, met the excursionists at the interurban station with tallyhoes and carriages and conveyed them to the fine farm. Here games were enjoyed in the large, shady orchard, while others lunched at the tables with edibles until Mr. Parkinson and Mr. Wickliffe saw the danger had begun placing more supports beneath the boards. After an abundant supper had been enjoyed Rev. Charles E. White spoke eloquently for three-quarters of an hour, dealing with the advantages of fraternity and the good of the order. Music was furnished by the Yeomen's orchestra and the members are profuse in their praise of Mr. and Mrs. Roney for their entertainment and to the Southwestern company for the admirable manner in which it handled the excursionists.

KILLED BY SON-IN-LAW.

Boston, Sept. 8.—John C. Lebane-

ma was shot in the abdomen during a quarrel last night by his son-in-law, James C. Duane, a prominent business man of this city, and Brookline, and died today. The shooting is said to have been the outcome of a series of family quarrels. Lebane-mann was 50 years of age. Duane is 26. He is under arrest.

SEWER NEARLY FINISHED.

The builders of the countryside sewer are now putting the finishing touches upon it, they say, and it is probable that Charles McCulloch who is backing the construction or reconstruction of the sewer will soon ask the board of public works to take it off his hands. There are yet some inlets to be finished up and some streets which have been torn up to replace, but on the whole the sewer is said to be nearly completed.

At least Bartholin cleared up the mystery he created, and as an incident he may be regarded as "closed."

This country is not specially concerned in the sinking of the Haytian rebel navy by a German warship, and will not be unless the Kaiser conceives a liking for Haytian soil.

The republicans of Indiana will pull the campaign in this state wide open September 20th. Senator Mark Hanna will not assist in the polling of the plug from the oratorical storage tank, but Hon. Fred Landis will set off some fireworks that may make up for any lack of booming of big guns.

It is well enough that the one gunboat which composed the navy of the Haytian rebels should be sunk, but it doubtless would have been better had the United States instead of Germany sent the piratical boat to sea bottom. Commerce has suffered considerable petty annoyance from the opera bouffe blockades declared by the rebel government and that sort of thing was bound sooner or later to bring the rebel "navy" up short against some power of real naval strength. It happened to be Germany, who resented the searching of a merchant vessel flying the German colors. There may be some complications, but the general satisfaction over the salutary lesson administered is quite likely to prevent any serious developments.

One of the two weeks which were to witness the end of the great anthracite strike has sped and there are yet no signs of the quietus of the tremendous struggle. Meanwhile coal stays up at an almost prohibitive figure, winter comes on apace and the mine owners will not submit

to arbitration and the miners will not yield. The situation is one likely to move the average householder to wish there were a species of paternalism in our government that could bring the war to an end.

President Roosevelt has been made an honorary member of the Brotherhood of Locomotive Firemen. The late President McKinley was an honorary member of the bricklayers' union. The distinction is honorable and should not be beneath the acceptance of any man alive.

More and more of late years has the custom grown for the president of the United States to journey about and bring himself in face to face communion with the masses of the country's citizenship. Mr. Cleveland did so to quite a notable extent and Mr. Harrison more than Mr. Cleveland. President McKinley traveled more while in office than any of his predecessors and Mr. Roosevelt is covering ground at a rate that promises to eclipse all former records. It is a good thing, considered by itself, but the fatal exposure of Mr. McKinley to an assassin's weapon and the recent narrow escape of Mr. Roosevelt from a horrible death raise the much agitated question whether the president should take so many chances of life as are involved in these trips. The mere question of accident alone enters more largely into real consideration of the matter than perhaps most people give thought to. Railway journeys always involve the element of risk and it may be assumed that sooner or later, notwithstanding the almost faultless precautions taken against mishap in such cases, a presidential train will meet with serious, perhaps tragic accident. However, presidential junketing is pleasant and intensely popular with the people and the custom is likely to grow rather than be abandoned.

NEWS IN POLICE CIRCLES

In the police court this morning Judge Dreihelm retired the opposing sides in one-two-three order. Charles Deshesney, aged seventeen, with one eye gone and his left arm badly crippled, was given one hour to get out of town. He was charged with vagrancy and pleaded not guilty. He had questioned Detective Coling's right to question him, the officer wearing plain clothes, but said when he saw the detective's badge he told all he knew about himself. He had only three cents and said he was looking for work when pinched. He was making his way west in order to see the country and was bound for Chicago. Albert Junkley and Albert Offenhans were arrested for train jumping. In order to separate them the court, on their plea of guilty, gave Junkley a fine of \$1 and costs and Offenhans one hour to get out of town.

Frank Riley, a ball player, was fined \$1 and costs for plain drunk on a plea of guilty. Charles Narwald drew the same prize for the same offense on the same impeachment.

James Davis, a train jumper, was fined \$1 and costs.

NOTES OF THE POLICE.

Superintendent Gorfine has been notified of the escape from the Columbia City jail of three convicts under sentence at this term of court for burglary and larceny. Their names are Chas. Flora, Earl Souders and Dora Ditton. Their crime was stealing lead pipe and other plumbing fixtures from an abandoned hotel in Columbia City. They brought the junk to Fort Wayne to sell and flock and Ditton were arrested here by deputy sheriffs. Bartholin's method of escape, which occurred at 7 o'clock, were not given the police.

The three men were sentenced to indeterminate terms in the penitentiary last week and were to have been taken away today. It was their last chance and when the turnkey appeared to lock them up last night they seized him and looked him up. They then had little difficulty in finding their way out.

Officer Smith found a wandering sorrel horse last night on Walton avenue and put it in Wike's stable, on Hanna street.

The police were instructed to watch for Henry Spier, aged fifteen, an inmate of the school for feeble minded, who ran away last evening. He is heavy set and was not wearing a coat when he left at 7:30 o'clock.

Mrs. Fred Ramps reported the loss yesterday morning at 5 o'clock of a hand satchel on Calhoun street, between Creighton avenue and the Wash tracks.

IT WAS BARTHOLIN

BODY FOUND IN IOWA THAT OF CHICAGO MURDERER.

HE ADDED SUICIDE TO MURDER

ENDED CAREER BY SENDING BULLET INTO BRAIN.

IDENTIFICATION IS COMPLETE

LEFT CONFESSION EXONERATING THREE ACCUSED.

Riceville, Iowa, Sept. 8.—That it was William Bartholin whose body was found in a field near this place last Friday was proved beyond possibility of doubt yesterday when the remains were exhumed in the potato field. Identification was made easy by the fact that the teeth showed the same dental work that was described by a Chicago dentist as having been done for Bartholin and by William Mitchell's instantaneous recognition of the dead man's features.

Thus, expiating by suicide the double crime of murdering his mother, Mrs. Anna Bartholin, and his sweetheart, Minnie Mitchell, young Bartholin, who fled from his home Aug. 5, has finally solved his own part in one of the most puzzling mysteries that have ever confronted the Chicago police department.

Burdened with remorse, shaken by the constant fear of capture and driven to distraction by the discovery that a man for whom he was working had read a mysterious letter from a woman which may have disclosed his identity, Bartholin had gone to a corner of a lonely field, propped himself against a shock of grain and, presumably with the same revolver that ended Miss Mitchell's life, put a bullet in his brain.

In the confession which he left behind him the desperate fugitive admitted his crimes and in addition left an imputation upon the character of the girl he had slain. This was an insinuation that Minnie Mitchell had more than an innocent knowledge of the killing of Mrs. Bartholin at 4310 Calumet avenue on the night of July 7. The words bearing this blind intelligence are:

"It was all Minnie and I could do."

IDENTIFICATION POSITIVE.

"It is Bartholin without possibility of mistake," said Mr. Mitchell, brother of the murdered Chicago girl, as soon as his gaze rested on the swollen, discolored face.

"And that's the man I came with all the way from Chicago and whom I knew there as George Edwards," exclaimed John J. Dvorak, a detective, who formerly was employed by a Chicago detective agency.

The letters written by the Mitchell girl to Bartholin probably never will be made public. In this respect Coroner Carpenter made a short statement before leaving for Lima Springs last night. He said:

"The false teeth and the scars found on the body of the man on whom I held an inquest as George Edwards fixes the identity beyond a doubt as William J. Bartholin."

"At the request of the family of Minnie Mitchell the letters she had written are kept from the press and will remain in my possession for the present."

AIDED BY CHICAGO WOMAN.

Bartholin came and lived here unsuspected. He died partly solving and partly deepening the mystery of his tragedies, and a mysterious woman forced the climax. This woman lives in Chicago and she has friends who are still Bartholin's friends. Somewhere in Chicago to day that woman mourns the death of her sweetheart, though he died a murderer and suicide. It is this woman, one who has known Bartholin's movements since he fled from the scene of his outrages, that hastened the self-destruction of the young criminal. The police have never known of her existence. She is the missing link in the chain of evidence that all efforts to complete have failed.

DROPS MYSTERIOUS LETTER.

A letter she wrote to Bartholin which was received Aug. 25 at the Riceville postoffice and which he dropped accidentally on the floor of a farmhouse where he had been working was the immediate motive for the suicide.

Bartholin came here under the name of George Edwards Aug. 6, the day after he talked with William Underberg, in Greenwood avenue, Chicago. He worked for six hours on a railroad bridge with John Dvorak. That night he slept at the Hotel Wilkes, registering as George Edwards. Next morning he walked to John Higgins' farm near Elma, eight miles from here, where he started to work as a farm hand.

Dvorak went with him, but left a week later. After seventeen days Bartholin left and went to work for Charles Hoeft on a farm five miles from here.

Hoeft returned to the farm from Riceville Aug. 5 with a letter for Bartholin. The envelope bore a Chicago postmark. It was addressed: Mr. George Edwards, Riceville, Ia. The handwriting was a woman's. SUSPECTS HE IS DISCOVERED.

In the evening when Bartholin returned from the field he received the letter and perused its contents eagerly. Hoeft saw him read it several times the next day and the next. On Aug. 28 Hoeft walked into the house and saw the letter lying on the floor in the middle of the room, as though it had been dropped by accident.

Looking out of the window he saw Bartholin lying on the grass under a shade tree.

Hoeft picked up the letter. Taking it out of the envelope, he began to read:

"My dearest Will, lay low, get along as best you can until we arrange the money matters."

"It is not fixed up yet. Keep a stiff upper lip and I will soon be able to help you."

Hoeft had read that far when he saw Bartholin get up and come toward the house. Hastily he replaced the letter in the envelope and dropped it to the floor where he had found it and left the room. A moment later Bartholin came into the house. That afternoon he left the farm and he took the letter with him. He never spoke to Hoeft after that, though the farmer says he gathered no definite idea of what the letter was about. He did not look at the signature.

Bartholin, it is believed, saw Hoeft reading the letter through the window. He feared that he had been detected and went out determined to face eternity rather than the law.

For two days he wandered in the woods. On Saturday, August 29, he returned to Riceville and went again to the Hotel Wilkes. He was sick. Sunday he walked away and Friday afternoon his body was found on James Clark's farm four miles southwest of here.

FOUND THE BODY.

Bartholin's body was found by Joe Pratt, who was repairing a windmill near Lowther. Friday morning, while driving to the farm where he was doing the work, he saw a man's body on the far side of a shock of flax. He paid no further attention to the matter at that time, believing the fellow to be a drunken farm hand.

On his way back that night, however, seeing the fellow had not moved, although it had rained hard nearly all day, he stopped his horses and investigated. He found the body, since identified as that of Bartholin, reclining against the shock. It was badly decomposed, especially the face.

Pratt at once notified Coroner Carpenter at Lima Springs, eighteen miles away, and Saturday he impaled a jury composed of Jerry and William Castman and Mike Howard, farmers in the vicinity of James Clark's place, on which the body was found.

No witnesses were examined, but with the discovery of the confession and letters from Minnie Mitchell, a verdict, naming the suicide William J. Bartholin, was returned. Bartholin had shot himself in the mouth, doubtless with the same revolver which killed his sweetheart, for he had the weapon when he came here.

The body was brought here by the coroner and buried in the little cemetery which overlooks the town.

LEFT A CONFESSION.

The confession left by the suicide reads as follows:

"To whom it may concern: I wish to state that I am the Bartholin the police are looking for. I also wish to certify that I had no assistance of any kind from any one. Thompson Clary and Counselman are all as innocent as an unborn child, and should be freed at once."

"I cannot go into details in regard to the crimes. They were not planned. It was all Minnie and I could do. My mind is wandering."

"Such a drop in life in so short a time—two months ago traveling in the best of company—today leading the life of a hobo—a murderer!"

"I intended to go in details and tell all but I can't get my mind centered. Even my handwriting is disgraceful."

"But above all things I ask, clear everybody under suspicion. There is no second party and I am the last."

"Respectfully yours,"

"William J. Bartholin."

MORE WORKMEN ADDED.

Stanley Bros., the contractors who have begun the work of grading for the Fort Wayne-Lima electric line between this city and New Haven, this morning added more men to the working force, and will place still others at work as rapidly as they can be handled. It is desired to take advantage of every day of good weather remaining in order to hurry the work along.

SHOWS DEMOCRATIC GAINS.

reports from districts already carefully canvassed indicate that the democratic vote at the coming election will be very materially increased over that of two years ago. There is enthusiastic activity all along the line of the county organization, and visitors at the headquarters in the Saengerbund building are already numerous.

PENETRATED HIS EYE.

Samuel Hays, of Leo, is temporarily blind in one eye as the result of a painful accident a few days ago. Mr. Hays was employed upon a threshing machine, and a small branch of an apple tree which became caught in the machinery was hurled with frightful force into his left eye, penetrating the eyeball deeply. A traumatic cataract was the result, but Dr. S. H. Havice, who is caring for the injured man, believes the sight can be restored by an operation later.

BODY WAS A SCRAP BASKET.

Elwood, Ind., Sept. 8.—The body of Mrs. Susan Spalding, of this city, is the repository of a number of unusual articles as revealed by a surgical operation just performed by local physicians in an Anderson hospital. For many years she has been complaining of a growth in her side, which it was believed was a tumor. When the operation was performed a ball of thread as large as an egg, another of corn stalks, swallowed when she played about a cane mill when a child, and a piece of shoe string six inches long with a knot in it, were removed from her body. It is believed that all of the articles have been in her body since she was a child of a few years. Another protruberance will be opened as soon as the woman gains sufficient strength from the recent operation. Mrs. Spalding is 37 years of age and the wife of a blacksmith in this city. The articles removed from her body are to be seen at her home and have been examined by hundreds.

LAGRANGE COUNTY TICKET.

Lagrange, Ind., Sept. 8.—The democratic county convention was held in the circuit court room here Saturday. The attendance was good. That the ticket nominated is an exceptionally strong one, is conceded by every one. The following are the candidates: Auditor, A. L. Gember; treasurer, A. M. Grady; sheriff, George Dutter; surveyor, John Stough; coroner, Dr. H. W. Shereck; commissioner of the north district, Joseph Basons; commissioner of the south district, R. L. Deter; councilmen, Frank Swihart, John M. He gun, William T. Roderick, Dr. N. M. Newman; councilmen-at-large, D. N. Stough, Washington Norris, Joseph Kimmell.

VOTE TO REUNITE.

Washington, Ind., Sept. 8.—The Morgan Presbyterian church of the Cumberland Presbyterian church has voted in favor of the union of the Cumberland Presbyterian churches and the churches which split in 1810. Similar action has been taken at Decatur, Ill., and it is thought united action will cause the general assembly to take the matter up and take favorable action at the next meeting in May, 1903.

WAS A FORT WAYNE NEWSBOY

W. C. SMITH, ONCE CIRCUS CLOWN, NOW CAPITALIST.

Marion Man Whose Rise Has Been Phenomenal—Formerly a Street Utchin in Fort Wayne.

W. C. Smith—better known as "Heavy" Smith—of Marion, is not yet a millionaire, but he is rapidly closing in on the man whose wealth is represented by seven figures, and it will not be long until he will be there, writes W. H. Blodgett in the Indianapolis News.

No man in Indiana who has accumulated a fortune has had such a career as Smith. He became wealthy through industry and economy. As a boy he sold peaches at the railway station and in the streets of Fort Wayne. Now he is—

Part owner of the Indiana, the finest opera house in Indiana.

Owner of the postoffice block at Marion.

One-half owner of one of the largest soap factories in the country.

Owner of the largest shoe store in Marion.

Owner of the largest shoe store in Warsaw.

Owner of seventeen dwellings in Marion.

A heavy stockholder in the Indiana Brewing company.

Director of the Grant county Trust and Savings company.

Owner of eighty-seven acres of gas land in Grant county.

Owner of a large business block at Bluffton.

Owner of residence property at Dunkirk.

Owner of 160 acres of fine farming land near Vienna, Ill.

This is all that is in sight, but he has more in the way of government bonds and the like.

BORN AT WABASH.

Smith's parents lived at Huntington but he was born at Wabash while his mother was there on a visit, April 23, 1855. His father had a small clothing store in Huntington. The first work the boy did was about that store.

When he was ten years old young Smith sold Fort Wayne Gazette and peddled peaches about the railway stations and in the streets of Fort Wayne.

W. M. Miles was a baker. Young Smith hired to him to learn the bakers' trade at \$2 a week, and agreed to stay a year. At the end of the year he came to Marion, and applied to Simon Koontz for work.

He was so small that Koontz laughed at him, but the boy's persistence won him work. He began at \$3 a week.

He remained with Koontz two years. When he quit, he was getting \$6 a week. While he was learning the bakers' trade Smith learned to be a candy maker. He started out on the road "pulling taffy" at county fairs, and made money, which he saved.

COFFEE URN BLEW UP.

In the fall of 1875 he went to Indianapolis and worked for J. A. Miles for a year. He returned to Marion and bought a half interest in Koontz's bakery. Later he sold out his interest.

By this time he had saved \$800. He went to Anderson. Smith and John Fitzgerald opened a restaurant. They put in a steam coffee urn. It exploded the first night it was used, and the restaurant was burned out. There was no insurance. Smith was dead broke.

He started another restaurant on credit, but the business did not flourish because the patrons of the place thought they did not have to pay for what they ate.

RACE WHEN BELL RANG.

As soon as George Kline, an Anderson grocer, stopped selling Smith hams on credit, the restaurant closed. It is related that whenever the bell on the money drawer would ring there was a race between Smith and the cook to see which could get the money first.

Smith was without a cent and in debt and with no prospects. He got two or three pounds of sugar and started in the candy business again. He could not get on his feet, and for the first time he was discouraged.

Just then he got work as a candy butcher and peanut hustler with the Batchelor & Davis circus. Things began to look bright once more. But he had to do a turn in the ring as well as sell candy and peanuts, and this was not pleasing to his father.

The elder Smith had purchased a shoe store in Marion, and he wanted his son to come as a clerk. That was making money too slowly. At Anderson, when the show played there, Smith wore a clown's suit and made the people laugh. He did the same thing at Wabash, but when the show reached Marion his father insisted that he talk business with him.

HE QUIT THE SHOW.

"It was finally agreed between them that 'Heavy' should go into the shoe store and learn the business. His salary was to be \$25 a month while he was learning.

Before the first year ended, Smith's

father died suddenly, and Smith took in a partner. The firm name was Smith & Youngman. In two years Smith bought out his partner. His store in this city does a business of \$75,000 a year, and that in Warsaw does about \$30,000 a year.

When gas was found at Marion, and the boom struck the city, Smith was on hand. He laid out what was known as "Heavy Smith's" first addition to the city of Marion, and with an investment of a few dollars cleared up \$2,300 in three days.

This was the first real estate deal of the boom. Smith traded in real estate extensively, but he always knew when to let go. When the first boom burst, he was without real estate. He was among the business men who took hold of Marion and proposed to build it up. He has had as much to do with the city's success as any man in it. He is married and lives in a handsome home.

W. H. Blodgett.

IN NORTHERN INDIANA.

A \$100,000 jail is to be erected at Marion.

Mrs. George Cohn has been arrested at Alexander, charged with arson.

Mrs. Reiner, 85 years old, died suddenly at Avilla Friday from paralysis.

Gas rates at Marion are to be increased October 1 to 20 cents per thousand feet.

Presbyter is to have a new \$15,000 Presbyterian church. Ground has already been broken.

Lynn has dedicated its new school house with appropriate exercises. Several state officials made addresses.

A Huntington company is preparing to give that city hot water heating service as soon as natural gas is exhausted.

POWDER MAGAZINE LETS GO

EXPLOSION AT OLD FORT WINTHROP, BOSTON.

One Dead and Several Injured as Result of Mysterious Affair Sunday Afternoon.

Boston, Sept. 8.—Boston was startled just before 5 o'clock yesterday afternoon by an explosion in the upper harbor, one of the old-time magazines at the historic old Fort Winthrop on Governor's Island blowing up from some unknown cause. One man was killed, two are missing, five are severely hurt and a score slightly cut and bruised.

All were civilians, for the island, once the summer home of Governor Winthrop in colonial days, and a fortification for 250 years, has not been garrisoned by the army for years, and this summer its use for park purposes was granted the city of Boston. And yet no bridge or easy means of access has been established, consequently few people go there, but boat and camping clubs use the place for Sunday outings and there were fully 250 of these picnickers on the island at the time of the explosion.

LIST OF CASUALTIES.

The dead:

Albert H. Cotton, of West Somerville.

The missing:

Joseph E. Wakefield, of Malden.

James Ryan, of East Boston.

The seriously injured:

Christian Knudsen.

Dennis J. Swansen.

Charles F. Flanagan.

Paul Barry.

John J. Crowley.

The injured, all of whom live in Charlestown, were cut and bruised by flying debris. Sergeant Thomas J. Shaw, U. S. N., the caretaker of the island, and his family escaped without injury, their cottage being at the end of the island remote from the magazine section.

The force of the explosion can be appreciated from the fact that two old-time ten-inch Dahlgren rifles, weighing over four tons each, were lifted from a parapet nearly 100 yards away and blown backward from their mounts a distance of 200 yards. Granite fragments from the magazine and debris rained all over the island and the near by section of the harbor, and the concussion broke windows on the Winthrop shore, which runs parallel about a mile away.

BEDFORD HAS A "DRY" SUNDAY

Bedford, Ind., Sept. 8.—Bedford was a "dry" town yesterday for the first time in its history. Mayor Hickson Smith, who has just entered office, declared that all saloons should obey the law to the letter and that not even a back entrance should be open on Sunday. There was a great commotion among the "faithful" when they found every saloon shut. When they tried the drug stores they found them shut also, and restaurants and tea cream parlors were closed. The new mayor says that a rock pile awaits tramps and lawbreakers and other radical reforms will be added. It was considered that the liquor men were responsible for the election of the new mayor, hence the surprise.

GALE ON LAKE ONTARIO.

New York, Sept. 8.—A gale which began on Thursday night is sweeping Lake Ontario from the west and paralyzing passenger traffic, says a Rochester, N. Y., dispatch to the Tribune. Only the largest steamers have been able to put out and they have had some exciting experiences. The storm is causing most trouble to the hundreds of tourists who, flocking from the Canadian lakes, are in the north shore ports, unable to reach home except by train, which means a roundabout trip by way of Toronto. The United States life saving crews along the lake shore have doubled their watches.

FRANK TOUSEY DEAD.

New York, Sept. 8.—Frank Tousey, the founder of Judge and a nephew of the late Sinclair Tousey, founder and president of the American News company, is dead in this city from pleurisy. For several years he had conducted a music publishing house.

MEETING OF BAPTISTS.

The Fort Wayne Baptist association meets at Columbia City Tuesday and a number of Baptists from this city will be in attendance. Among those from this city who are on the program are: Mrs. E. W. Lewis, Miss Anna Phillips, Rev. J. N. Pickel and S. A. Burrows.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

A little life may be sacrificed to a sudden attack of cramp if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

Mrs. Charles Saylor, of Omaha, and Mrs. Mendenhall, of Chicago, who were here to attend the Crane-Harrison wedding, have returned home.

Rev. A. W. Lampert, pastor of the High street M. E. church at Muncie, and very well known in Fort Wayne, has received a call to the pastorate of the First M. E. church at Pasadena, Cal., and will accept it if the church authorities will approve the transfer.

Governor Durbin will go to Kendallville early in October to join E. E. McGary, J. T. Stahl, Dr. H. A. Meyer and others in a fishing expedition to several of the lakes in that vicinity. He is also expected to be a guest at the Kendallville fair one day.

John J. Crowley.

The injured, all of whom live in Charlestown, were cut and bruised by flying debris. Sergeant Thomas J. Shaw, U. S. N., the caretaker of the island, and his family escaped without injury, their cottage being at the end of the island remote from the magazine section.

The force of the explosion can be appreciated from the fact that two old-time ten-inch Dahlgren rifles, weighing over four tons each, were lifted from a parapet nearly 100 yards away and blown backward from their mounts a distance of 200 yards. Granite fragments from the magazine and debris rained all over the island and the near by section of the harbor, and the concussion broke windows on the Winthrop shore, which runs parallel about a mile away.

BEDFORD HAS A "DRY" SUNDAY

Bedford, Ind., Sept. 8.—Bedford was a "dry" town yesterday for the first time in its history. Mayor Hickson Smith, who has just entered office, declared that all saloons should obey the law to the letter and that not even a back entrance should be open on Sunday. There was a great commotion among the "faithful" when they found every saloon shut. When they tried the drug stores they found them shut also, and restaurants and tea cream parlors were closed. The new mayor says that a rock pile awaits tramps and lawbreakers and other radical reforms will be added. It was considered that the liquor men were responsible for the election of the new mayor, hence the surprise.

GALE ON LAKE ONTARIO.

New York, Sept. 8.—A gale which began on Thursday night is sweeping Lake Ontario from the west and paralyzing passenger traffic, says a Rochester, N. Y., dispatch to the Tribune. Only the largest steamers have been able to put out and they have had some exciting experiences. The storm is causing most trouble to the hundreds of tourists who, flocking from the Canadian lakes, are in the north shore ports, unable to reach home except by train, which means a roundabout trip by way of Toronto. The United States life saving crews along the lake shore have doubled their watches.

FRANK TOUSEY DEAD.

New York, Sept. 8.—Frank Tousey, the founder of Judge and a nephew of the late Sinclair Tousey, founder and president of the American News company, is dead in this city from pleurisy. For several years he had conducted a music publishing house.

Things We Like Best

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

SHOP AND RAIL

PENNSYLVANIA "SPECIAL" IS

MADE UP OF NEW CARS.

TRUNK LINES VS. THE WABASH

FIGHT FOR THE FINDLAY A

SCHEME TO DEFEAT GOULD.

BROKE INTO TICKET OFFICE

SEVERAL ROBBERIES REPORTED

AT HANNA, IND.

The Pennsylvania "Special," No. 28, will be made up entirely of new cars just out of the Pullman shops today. This train consists of two sleepers, a combination smoking and baggage car and a diner. In appointments it has no superior in the world and but very few equals. It is reported that the "Special" will add a sleeper in the near future, so great is the demand for accommodations on the train.

MR. MCCREA TALKS.

James McCrea, first vice president of the Pennsylvania, was last week in Philadelphia, and to a reporter of the Press he said the roads had not sufficient motive power to move the business offered and he believed there will be further congestion of freight. "During the last two years," he said, "manufacturers of locomotives have been taxed to their utmost. All the railroads have increased their motive power. It now remains to be seen if there are enough locomotives to haul the cars. I believe there are not and there will be some trouble experienced in the movement of freight. Business all over the country has greatly increased, and while the railroads have added a large number of locomotives and cars to their equipment, I am of the opinion that there are not enough, and there is no way by which we can procure more motive power. Locomotive builders have been taxed to their utmost, and there is hardly a railroad in the United States of any importance that is not seeking to secure more engines."

WILL BE A GREAT EVENT.

The various committees having in charge the annual field day of the Fort Wayne Electric Relief union, to be held at the mile track next Saturday, have been quite active since they assumed those duties and the people are promised the greatest events in that line ever gotten up in this city. Never was there as great an interest displayed in such events as the electric boys and their friends are taking in the coming events. The Sentinel published the program some days ago, but since then some interesting features have been added, which will be published later.

YESTERDAY'S EXCURSIONS.

With the exception of travel into Chicago and into this city, yesterday's excursion business was not up to the standard of the previous dozen Sundays. Incoming the Lake Erie and Western had the biggest crowd, bringing from Connersville and intermediate points 450 people. The Wabash brought in 316 from Toledo and took 125 out of this city for that place. It also took forty Fort Wayne people to Detroit. The Nickel Plate train to Chicago, which started from Bellevue, had on board 408 people when it left this city and 200 of these were residents of Fort Wayne. This train carried 542 people into Chicago. Rome City attracted 300 of our people and the Cincinnati, Hamilton and Dayton road's excursion train had 150 people on board when it pulled out of this city for Cedar Point. It picked up excursionists at nearly all points west of Findlay and went to the resort with 275. The Pennsylvania's week end excursion to Chicago Saturday was a decided success, there being 391 tickets sold in this city. The company had to run another section of the train to pick up the people west of this city who were unable to get aboard of the first special train.

A SPUR AT BIPPUS.

The Wabash will soon put in a spur track at Bippus, Ind., for the accommodation of the Hunting Light and Fuel company. The latter made the fill and the company furnished the ties and rails and will put them down. The Wabash never hesitates to put in a siding wherever there is evidence that shipping from that point will justify such expenditure.

THE SCOTT FUNERAL.

The Pittsburg shopmen turned out liberally yesterday afternoon to the funeral of their late shopmate, George Scott, sr., which occurred at 2 o'clock from the late residence of the deceased. The Massons had charge of the funeral and the pall-bearers were members of that society and Pittsburg or Wabash shopmen. They were John T. Leach, William Madison, Francis Burgess, Everett Pierce,

William Crighton and George Thompson. The floral offerings were magnificent and numerous, two of the most beautiful pieces being contributed by the Pennsylvania employees.

THE ACCIDENTS.

C. E. Griffith, a switchman employed in the east yards of the Pennsylvania, had a wrist broken, a gash cut in his head and his body uncomfortably pinched between cars yesterday while attempting to make a coupling. His injuries are sufficient to keep him from work for awhile, but no permanent evil will result.

Charles Horstman had a finger nailed from his fastenings Saturday night at the Wabash shops.

G. Gibbons, Wabash shopman, had the great toe of his right foot mashed. This accident happened Saturday.

A. L. Baxter had a finger crushed by a wrench slipping. H. J. Thompson had his left leg bruised by a hammer, which slipped from the nut. Both men are car builders.

RETURNED TO WORK.

The Pittsburg shops' working force is in better shape today than it has been for several days, so many men having reported for work who were sick or off duty for other causes last week. Among the number are V. A. Schoyer, Joseph Noth, James Trythall, M. H. Morrison, George W. Merrill, Henry Danmeyer, Michael Keller, J. G. Polhamus, T. R. Stapleford, E. J. Wefel, Everett Pierce and James J. Conway. Mr. Trythall was visiting his brother in Salt Lake City and Mr. Morrison and his family were visiting relatives in Kokomo; Henry Danmeyer was in Detroit two weeks, and J. P. Stapleford spent two weeks in Valparaiso. The others were off on account of sickness or sickness in their families.

WHAT THE PITTSBURG.

The Lake Shore freight house men claim a great victory on the base ball field over the freight house men of the Pennsylvania, and as the latter were reticent when questioned about the matter this morning, there is reason to believe that the claim is justifiable. The score was 37 to 22 in favor of the Lake Shore and the chief feature, aside from the many scores, was the home run of Stuckman, of the latter club. Batteries for the Lake Shore, Stockman and Jantz; for the Pennsylvania, Kees, Clausmeyer, Caveller and Hayes.

RETURNED FROM EUROPE.

Ed and J. C. Struchan, of the Pittsburg shops, resumed work this morning, having returned from a visit to the old home in Switzerland, which they left eighteen years ago and had not seen since until this summer. They also visited other European countries and report having had a fine time. Jules Simons, also of the Pittsburg shops, who went to Europe with the Struchan brothers, remained in Paris to visit relatives awhile. He will return home in about two weeks.

FIGHTING THE WABASH.

Indianapolis Journal: "An attorney of Fort Wayne, in referring to an article in the Journal a few days ago regarding the possible extension of the Northern Ohio road from Delphos to Fort Wayne for a Chicago connection with the Lake Shore road, asks if it is not more probable, in event of such extension, that the Nickel Plate will be utilized from Fort Wayne to Chicago, instead of using the branch to Waterloo, which would be going northward instead of Chicago? The Nickel Plate is a Vanderbilt road and would make a direct and short line from Pittsburg to Chicago. He adds that there is another scheme on foot of which the Journal has not learned. He says the Vanderbilt and Cassatt interests are bitterly fighting the Wabash at Pittsburg. It has come to my knowledge that the Wabash has had under consideration the acquisition of the Findlay, Fort Wayne and Western, which runs due east from Fort Wayne to Findlay, and then to make an extension connecting with its proposed Toledo and Pittsburg line. A glance at the map will show what a splendid route it would make from St. Louis to Pittsburg. The Findlay (C. & H. D.) enters Fort Wayne on the Wabash right-of-way, and its trains arrive and depart from the Wabash station. This week proceedings for foreclosure and application for a receiver have been instituted against the Findlay, the Wabash attorney of the Pennsylvania. If Mr. Newman, representing the Vanderbilt interest, constructs a road from Akron to Youngstown, and the Pennsylvania controls, by the suit already begun, the Findlay, the Wabash must seek another route. It looks as if this is the plan. From the eastern terminus of the Findlay to Arlington, on the Northern Ohio, is only ten miles, which is all that is necessary to connect the two roads. From Arlington to Fort Wayne, via Delphos, with fifty-five and a half miles of new road, would be ninety-five and a half miles, while by connecting ten miles of new road from Arlington to Findlay the distance

would be eighty-nine miles, a saving of six and a half miles in distance and forty-five and a half miles of new road construction."

BROKE IN TICKET OFFICE.

Capt. Henry Stoll, of the Pennsylvania police force, has been notified of an attempt at robbing the company's ticket office at Hanna, Ind., between the hours of 12 and 2 Sunday morning. The burglars pried the rear door open with a chisel and sledge hammer stolen from Thomas Boyd's blacksmith shop, but they were evidently frightened away, as nothing was disturbed in the office. Other places did not escape so easily, however. Ewald Geiger's saloon, south of the depot, was robbed of \$10 in cash; Gibson & Geiger's general store, next door, was robbed of \$1.50 in pennies, and Joe Malloy's saloon, north of the depot, was touched to the extent of \$8 in cash and some whisky. When the robberies were discovered the authorities, with some bloodhounds, immediately got on the trail, which led to Knox, thence down the Nickel Plate to the Indiana, Illinois and Iowa road, where all trace of it was obliterated. It is supposed the thieves got aboard an eastbound freight train on that road.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and blood upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.

We Want the Attention of Mothers.

Some store-keepers as well as other folks never get over the idea that a boy is intended to eat at second table and wear the first thing that comes to hand.

A Kansas teacher asked a nine-year-old lad to write a composition; the subject was "Boys," and he began his essay: "The earth is divided in two kinds of people, human beings and boys. Boys are called Sonny or Bub, and when they ask questions folks let on not to hear."

That's the idea exactly. Grown people are absent-minded when it comes to dealing with boys.

Store-keepers have their heads full of other things, and the boys' department is not given close attention. It requires just as much thought and care to dress a boy properly as to clothe a man.

We have given our children's department that thought and care, and the result has been a magnificent collection of boys' wearables.

A great deal of care, patience, time and talent has been expended here that our boy customers may be better dressed. We do not charge more for these goods than other stores ask for ordinary clothes, made without half the thought. We want boys and their mothers to come in and see us.

SHE GOES TO REFORM SCHOOL.

IRMA HEDGES, AGED 15, WAS ON DOWNWARD PATH.

Is Ordered Committed on Petition of Her Father—Other News of the Courts.

Judge O'Rourke heard the evidence this morning in the case of the state vs. Irma Hedges, whose father asked the court to commit her to the reform school for girls at Indianapolis. The girl was convicted solely upon the contents of letters written to her by young men and intercepted by her father. The letters are damaging evidence against the writers, who refer to acts which constitute the crime of rape, the girl being only fifteen years and under the age of consent. The brothers of the girl were heard to say that they would prosecute the consorts of the child and there is consequently a state of alarm in certain circles of youths and boys. The court ordered the girl committed and she will be sent to the institution until she is eighteen years old, unless her condition physically prevents. The girl's mother, who is a divorced wife, had been hiding the girl from Sheriff Stout for several days. She is employed at a record on the flats and was keeping the child with her so as to avoid arrest. The mother attempted to keep Irma out of the institution by claiming that she was over sixteen, but the father brought the church records showing her real age.

COURT NOTES.

Charles W. Thurman has entered suit in the superior court against Morris Robinson and others to quiet title and also against Ella F. Harris and others. His attorney is Robert B. Dreibeis.

Judge Adair, of the Whitely bench, was engaged this morning in the hearing of further argument in the Branstetter case.

The will of John A. Bobay was admitted to probate this morning. Celina Bobay was appointed executrix of the estate and the guardian of the two minor sons, Joseph and Alexander. She gave a bond of \$1,200. T. V. Fenrick, attorney.

The appeal of Bert Haring to the circuit court from Justice Huser's court was filed this morning by A. H. Bittlinger. Haring was fined \$1 and costs by Justice Huser for pointing a pistol at Henry Wehr.

The case of Strobel vs. Zoeller and others in the superior court was dismissed. This was a suit for damages on the alleged ground that the defendants had injured the bakery business of the plaintiff. The suit was first brought in the circuit court and then dismissed and now has been dismissed in the superior court. The case took another turn this morning when Strobel appeared as a defendant in a suit for ejectment, Zoeller being the plaintiff. A change of venue was asked for and the case was sent to Justice Mayhew.

Maggie Britton was granted a divorce from Cornelius Britton by Judge Aiken this morning and the plaintiff restored to her maiden name, Maggie Craig.

Ursford Allen who passed an ancient and void New Jersey bank bill for the genuine money and obtained change for \$10 and three bottles of beer has decided to enter a plea of guilty and was expected to receive sentence this afternoon from Judge O'Rourke.

The board of commissioners will meet Wednesday to select inspectors to serve at the state election November 4.

A patent was filed with Recorder Gillette for record this morning to the Wells tract of ground which is to be divided among heirs of William Wells the original patentee. The original was signed by James Monroe, president of the United States.

Sheriff Stout has a wallet found in the lavatory belonging to Charles Schwartz a railroad man.

The grand jury will convene tomorrow for the consideration of bills dealing with those accused of crime.

IN JUSTICES' COURTS.

Justice Tancey heard the evidence Saturday in the cases against Mrs. Revert, of St. Joe township, for assault and battery upon Maggie Porter and her daughter, Bertha Porter. The hearing occupied the entire day and clearly developed that the trouble was all about a turkey. The evidence established the guilt of the defendant in the mind of the court, who assessed a fine of \$3 and costs in each case, amounting to the price of several turkeys. The families are neighbors. The charge against Henry Revert for malicious trespass in killing the plague of a turkey was dismissed, the court no doubt holding that it were better for all concerned if that turkey had never been hatched.

John Steele, who called Wabashman Hanson, at the Berghoff brewery, an offensive name on Labor day and then had Hanson arrested and fined for assault and battery, had the tables turned on himself Saturday afternoon

in Justice Bullermann's court. He was fined \$1 and costs for provoking Clyde Sivits, who left his boarding house without paying up and seemed about to hike out of town, was fined by Justice Bullermann \$1 and costs, amounting to \$18. A slip of the court's tongue in reporting the amount to the sheriff, occasioned an omission of the \$1 due the state and Mr. Sivits, who paid only \$17, will "have to come again."

MEETING OF LAND LEAGUE.

The Fort Wayne branch of the Irish Land league held a meeting last evening in Library hall, at which Timothy Foley was elected a delegate to the national convention of the league, which will be held in Boston October 20 and 21. A number of candidates were admitted to membership and other business matters received attention. It was decided to hold another meeting Tuesday evening, September 16, in Library hall, to which the Irish societies of the city will be invited. It is the intention of the league to hold a mass meeting in the near future to take steps to assist the land league in Ireland in their struggle against the landlords' combination.

WILL BEGIN PRACTICE SOON.

In a few days candidates for the high school football team will begin practice at League park and as there is some very good material in the high school this season, it is probable that the team will be an improvement over last year's. The High School Athletic association is endeavoring to secure the services of Coach Herman Brown and it is very probable that he will take the team in hand. Mr. Brown's ability as a coach was thoroughly demonstrated last year when he succeeded in getting together a good team in spite of the very trying circumstances under which he worked.

SERVICES HELD TODAY.

Funeral services for Stephen Allan Fleming, the little son of Hon. and Mrs. S. B. Fleming, were held privately from the Cathedral at 9 o'clock this morning. Rev. Father Charles Dine, of Hartford City, officiated and only relatives were present.

WAS ANOTHER BIG DAY.

Yesterday was another big day for the Southwestern, the total number of passengers handled between Fort Wayne and Wabash being about 5,000. The west end turned out considerably the heavier volume of travel.

LOCAL LINES.

The Fraternal Assurance Society of America will give a watermelon and pedo party at the Elks hall Wednesday evening. The society recently made that place its lodge home and the coming affair is in the nature of a dedication.

Miss Constance Wilder, of Cincinnati, formerly of this city, is expected this week to be the guest of Miss Alice Ward.

The Blues played ball at Mentone yesterday afternoon, beating the crack team at that place by a score of 14 to 0. Smith pitched for the Blues and the Montones only got two hits off him. During the progress of the game the Blues knocked two pitchers out of the box and otherwise performed to the discomfort of the Montone boys, who took defeat good naturedly.

Mr. and Mrs. I. Weil are entertaining Mrs. Weil's brother, J. Rothchild, of Terre Haute, Ind.

Miss Lottie Geismar, of Toledo, is the guest of the Misses Denoy, at the home of Mr. and Mrs. Frank Benoy.
